In the 1920s, the richest people per capita in the world were members of the Osage Indian nation in Oklahoma. After oil was discovered beneath their land, they rode in chauffeured automobiles, built mansions and sent their children to study in Europe. Then, one by one, the Osage began to be killed off. As the death toll climbed, the FBI took up the case. But the bureau badly bungled the investigation. In desperation, its young director, J. Edgar Hoover, turned to a former Texas Ranger named Tom White to unravel the mystery. Together with the Osage he and his undercover team began to expose one of the most chilling conspiracies in American history. 'David Grann has a razor-keen instinct for suspense' LOUISE ERDRICH

The uneasy balance between these worlds is shattered when Starr witnesses the fatal shooting of her childhood best friend Khalil at the hands of a police officer. Khalil was unarmed. Soon afterward, his death is a national headline. Some are calling him a thug, maybe even a drug dealer and a gangbanger. Protesters are taking to the streets in Khalil's name. Some cops and the local drug lord try to intimidate Starr and her family. What everyone wants to know is: what really went down that night? And the only person alive who can answer that is Starr. But what Starr does--or does not--say could upend her community. It could also endanger her life. Want more of Garden Heights? Catch Maverick and Seven's story in Concrete Rose, Angie Thomas's powerful prequel to The Hate U Give.

DOCTOR'S ORDERS

Tule Publishing April Moore has always been an impulsive dreamer. So when she shows up in Cherry Lake, announcing that she's there to stay and start her own business—a design studio florist shop—her sisters are pleased, but more than a little skeptical. A lot more than pride is riding on her new business adventure, and April doesn't have time to get distracted, especially not by the handsome doctor who shares office space with her. Unfortunately, April's never been one to keep her head down and opinions to herself, and she's barely opened for business before she thinks her first design project should involve the quiet man next door doing his best to ignore her bubbly attempts at friendship. For someone so young, Dr David Morrison is firmly set in his ways. He's returned to Cherry Lake temporarily to take over his father's family practice until he can sell it and return to Seattle to rebuild his life and career. He's always played it safe and isn't looking for change, fireworks, or romance. Unfortunately, the vivacious April embodies all three. Each meeting is like touching a live wire, and David finds himself entranced. Opposites attract, but can they find a happy ever after?
