A First John Reader

Intermediate Greek Reading Notes and Grammar

Presbyterian & Reformed Publishing Company This introduction to Greek syntax assists intermediate students in the translation of 1 John. Applying the rudiments of grammar to actual passages, this reader includes appropriate vocabulary lists, assignments, and study notes.

A Workbook for New Testament Greek

Grammar and Exegesis in First John

Hendrickson Pub An excellent study tool for first-year students of New Testament Greek! Focusing on 1 John, this well-designed workbook gives students the opportunity to study an entire short work rather than selected sections of longer books. Each chapter features vocabulary; exercises focusing on grammar, syntax, and word studies; and questions for further study that provide a

comprehensive understanding of theological exegesis and syntactical analysis.

Commentary & Reference Survey

A Comprehensive Guide to Biblical and Theological Resources

Kregel Publications This reliable guide lists and ranks approximately 800 Bible commentaries and 1,200 printed volumes, as well as numerous computer resources related to biblical interpretation, theology, and church history. Commentaries are categorized by level and approach and recommended titles are highlighted. A unique and special studies section lists works of significance for each book of the Bible.

Aural Design and Coherence in the Prologue of First John

A&C Black The first sustained investigation of the oral patterning of 1 John 1:1-4, examining underlying design and organization.

A Beginner's Reader-Grammar for New Testament Greek

Baker Academic A Beginner's Reader-Grammar for New Testament Greek has two parts: a concise grammar and a series of readings. The included readings are based on the actual content of the Greek New Testament but constructed to begin easy and lead the student through basic vocabulary and grammar. The authors have abandoned the method that takes the student through a progression of grammar lessons, each concluding with a few sentences for translation. Rather, after learning the alphabet and the pronunciation of Greek words, the student begins immediately to read text, learning to find needed information in standard reference tools.

A Summer Greek Reader

A Workbook for Maintaining Your Biblical Greek

An excellent tool for students of New Testament Greek to maintain the skills taught in first-year Greek.

Cities

Open Road + Grove/Atlantic In Cities, the acclaimed historian John Reader takes us on a journey of the city—from its earliest example in the Ancient Near East to today's teeming centers of compressed existence, such as Mumbai and Tokyo. Cities are home to half the planet's population and consume nearly three-quarters of its natural resources. For Reader, they are our most natural artifacts, the civic spirit of our collective ingenuity. He gives us the ecological and functional context of how cities evolved throughout human history—the connection between pottery making and childbirth in ancient Anatolia, plumbing and politics in ancient Rome, and revolution and street planning in nineteenth-century Paris. This illuminating study helps us to understand how urban centers thrive, decline, and rise again—and prepares us for the role cities will play in the future.

The Rise of Life

The First 3.5 Billion Years

What was the Earth really like hundreds of millions of years ago? And how did life begin? From the first cell to the emergence of man, Reader presents the history of life as a fascinating detective story. As the milestones of evolution are described -- the first multicellular organisms, the first backbone, the first fish, the first land animals -- a host of intriguing questions are examined. For example, why did the dinosaurs disappear completely after ruling the Earth for 140 million years? Why also did some primitive branches of the human tree become extinct? Gurche's unique illustrations make the reader feel he or she is there.

Africa

A Biography of the Continent

Penguin UK Drawing on many years of African experience, John Reader has written a book of startling grandeur and scope that recreates the great panorama of African history, from the primeval cataclysms that formed the continent to the political upheavals facing much of the continent today. Reader tells the extraordinary story of humankind's adaptation to the ferocious obstacles of forest, river and desert, and to the threat of debilitating parasites, bacteria and viruses unmatched elsewhere in the world. He also shows how the world's richest assortment of animals and plants has helped - or hindered - human progress in Africa.

The Epistles of John

Their Message and Relevance for Today

Wipf and Stock Publishers While the message of the Bible remains the same, different insights may add new light. In this commentary attempt is made to interact with the text of the letters of John, especially as we have it in the Greek New Testament. The meaning of the word is not seen as the end but only as the basis upon which to relate the message to the present needs of the church. The church is both guardian of truth and instrument of love. These two themes are repeatedly found in the epistles of John, and as they are discussed in this commentary the writer seeks to provoke the reader to reflect on how he/she can keep on improving in them. In our times, with so many displaced persons, hospitality is increasingly becoming an aspect of Christian love the church cannot run away from. These are matters that this book calls attention to, as they are raised by the biblical text itself. I am grateful to others who have also given their time and energy in providing their insights on the same epistles. May the Lord use all the efforts to build a strong church for our time and many years to come!

The Fourth Gospel in First-Century Media Culture

*A&C Black Werner Kelber's *The Oral and the Written Gospel* substantially challenged predominant paradigms for understanding early Jesus traditions and the formation of written Gospels. Since that publication, a more precise and complex picture of first-century media culture has emerged. Yet while issues of orality, aurality, performance, and mnemonics are now well voiced in Synoptic Studies, Johannine scholars remain largely unaware of such issues and their implications. The highly respected contributors to this book seek to fill this lacuna by exploring various applications of orality, literacy, memory, and performance theories to the Johannine Literature in hopes of opening new avenues for future discussion. Part 1 surveys the scope of the field by introducing the major themes of ancient media studies and noting their applicability to the Fourth Gospel and the Johannine Epistles. Part 2 analyzes major themes in the Johannine Literature from a media perspective, while Part 3 features case studies of specific texts. Two responses by Gail O'Day and Barry Schwartz complete the volume.*

Propitious Esculent

The Potato in World History

*Random House A highly readable exploration of the biology, history and social influence of our most humble and versatile foodstuff. Baked, roasted, boiled, mashed, steamed, french-fried — the potato is one of the most familiar and ubiquitous foods we have, and part of our sense of humble, mundane normality. But the story of the *solanum tuberosum* is one of struggle, disease and survival. Naturally fat-free, potatoes consist mainly of energy-giving carbohydrates, as well as protein and half of our RDA of Vitamin C and Potassium. People have been known to sustain active lives for months fuelled only by potatoes and a little margarine. These bundles of nutrition, which grow safely and cheaply underground in almost any weather and soil conditions, have fuelled industrial revolutions and population explosions. Reader follows the potato's fascinating journey, from its origins and evolution in the Andes thousands of years ago, to its slightly mysterious arrival in Europe where it became a crucial part of the gastronomic and social fabric. 2008 has been designated International Year of the Potato by the UN and, as global population swells and famine remains a constant risk, Reader asks what role the spud still has to play. From the Trade Paperback edition.*

The Book of Lost Things

A Novel

Simon and Schuster Taking refuge in fairy tales after the loss of his mother, twelve-year-old David finds himself violently propelled into an imaginary land in which the boundaries of fantasy and reality are disturbingly melded. By the author of The Black Angel. 75,000 first printing.

A New Testament Greek Primer

P & R Publishing This Greek grammar utilizes modern linguistic principles for equipping students to understand the Greek New Testament. This new edition also includes: a clear distinction between essentials and nonessentials; concentration on mastering specific "sub-skills"; memorization aids, such as vocabulary grouping; creative exercises drawn directly from the New Testament; focus on forms that occur often in the New Testament. --from publisher description

New Testament Commentary Survey

Baker Academic Provides pastors and students with expert guidance on choosing a commentary for any book of the New Testament.

Kilimanjaro

Universe Pub Describes the history of the explorations of Mount Kilimanjaro and discusses the mountain's volcanic crater, glaciers, and wildlife

The First Apocryphal Apocalypse of John

A Greek Reader

Createspace Independent Publishing Platform The First Apocryphal Apocalypse of John (1AAJn) originated somewhere between the fifth and eighth centuries. Its vocabulary is very similar to the New Testament and has several similarities with the canonical book of Revelation. As it consists largely a dialogue between the apostle John and the glorified Jesus, it provides clarification and further revelation of the eschaton. Because the Greek vocabulary of 1AAJn is similar to the Greek New Testament, it can provide the student of New Testament Greek reading experience outside of the New Testament with familiar vocabulary. Each word that occurs 30 times or less in the Greek New Testament is footnoted in this edition and given lexical information, part of speech information, and a contextual gloss. This volume also includes: The Greek text from Tischendorf A lightly modernized edition of Alexander Walker's translation from the Ante Nicene Fathers (ANF) volume 9 A Greek-English glossary of all footnoted words

Attica: Intermediate Classical Greek

Readings, Review, and Exercises

Yale University Press Includes selections from Xenophon, Antiphon and Euripides.

The Rise of Life

The First 3.5 Billion Years

Crescent Traces the history of paleontology, looks at the age of dinosaurs, explains the theory of evolution, and suggests where human beings fit into nature's scheme

The Orbis Pictus of John Amos Comenius

Exegetical Gems from Biblical Greek

A Refreshing Guide to Grammar and Interpretation

Baker Academic Learning Greek is a difficult task, and the payoff may not be readily apparent. To demonstrate the insight that knowing Greek grammar can bring, Benjamin Merkle summarizes 35 key Greek grammatical issues and their significance for interpreting the New Testament. This book is perfect for students looking to apply the Greek they have worked so hard to learn as well as for past students who wish to review their Greek.

John, the Maverick Gospel

Presbyterian Publishing Corp John, the Maverick Gospel has long been regarded as one of the most trustworthy introductions to the Fourth Gospel, paying special attention to the literary and theological dimensions of this Gospel without neglecting historical and other approaches. Robert Kysar, an international expert on John's Gospel, has now revised this useful classroom tool to bring the scholarly discussions up to date and to add sections on women in the Gospel of John as well as postmodern approaches to the Gospel. This classic text provides an accessible entry into the important critical issues of John's Gospel, both on its own terms and in comparison to the Synoptic Gospels, offering a sure foundation for scholarly study of the book as well as theological interpretation and preaching.

Anatomies of Narrative Criticism

The Past, Present, and Futures of the Fourth Gospel as

Literature

Society of Biblical Lit Reflecting on the twenty-fifth anniversary of Alan Culpepper's milestone Anatomy of the Fourth Gospel (1983), Anatomies of Narrative Criticism explores current trends in the study of the Gospel of John as literature. The contributors to the volume represent a wide range of methodological approaches that all explore ways that contemporary readers generate meaning from John's story of Jesus. The book includes an introduction to narrative-critical studies of John; essays on specific themes and passages that focus on interpretation of the text, history of research, hermeneutical approaches, and future trends in research; and a reflective response from Alan Culpepper. Overall, the book seeks to trace the history and project the future of the study of the Bible as narrative. The contributors are Paul N. Anderson, Colleen M. Conway, R. Alan Culpepper, Robert Kysar, Tat-siong Benny Liew, Francis J. Moloney, S.D.B., Stephen D. Moore, Adele Reinhartz, Jeffrey L. Staley, Mark Stibbe, Tom Thatcher, Ruben Zimmermann, and Jean Zumstein.

Ten Days that Shook the World

GENERAL PRESS John Reed, an American journalist and revolutionary writer and a close friend of Lenin and was an eyewitness to the 1917 revolution in Russia. Ten Days That Shook the World is Reed's extraordinary record of that event. Writing in the first flush of revolutionary enthusiasm, he gives a gripping account of the events in Petrograd in November 1917, when Lenin and the Bolsheviks finally seized power. Containing verbatim reports both of speeches by leaders and of the chance comments of bystanders, and set against an idealized backdrop of soldiers, sailors, peasants, and the proletariat uniting to throw off oppression, Reed's account is the product of passionate involvement and remains an unsurpassed classic of reporting. 'Ten Days That Shook the World' is a must read for those interested in the socialistic movement and how it shaped Russian history.

The Uncommon Reader

Alan Bennett's classic story about the Queen

Faber & Faber Alan Bennett's classic story about Queen Elizabeth II What would happen if the Queen became a reader of taste and discernment rather than of Dick Francis? The answer is a perfect story. The Uncommon Reader is none other than HM the Queen who drifts accidentally into reading when her corgis stray into a mobile library parked at Buckingham Palace. She reads widely (JR Ackerley, Jean Genet, Ivy Compton Burnett and the classics) and intelligently. Her reading naturally changes her world view and her relationship with people like the oleaginous prime minister and his repellent advisers. She comes to question the prescribed order of the world and loses patience with much that she has to do. In short, her reading is subversive. The consequence is, of course, surprising, mildly shocking and very funny.

Africa

National Geographic Society Includes bibliographical references and index.

ESV Gospel of John, Reader's Edition (Cloth Over Board, Timeless)

The ESV Gospel of John, Reader's Edition captures John's firsthand account of Christ's ministry in a portable, stand-alone volume without chapter or verse numbers--inviting readers into an immersive reading experience.

The Untold History of the Potato

Random House From the gold potatoes at the Sun Temple in Cuzco, Peru, the muddy ones in Ireland and those grown in China for MacDonaldis chips, via Mrs Beeton, Charles Darwin, Lenin and Chairman Mao, to the mapping of the potato genome, the story of the spud is both satisfying and fascinating.

Dynamic Worlds

From the Frame Problem to Knowledge Management

Springer Science & Business Media Reasoning is an integral part of intelligent systems in fields like databases, logic programming, robotics, knowledge engineering, human/computer interfaces, programming environments, etc. In reality any such system has to cope with a changing world and its dynamics. Hence it is of great importance that reasoning must account for coping with change in order to be truly useful in practice. The book comprises several contributions to current ways of approaching this problem. On the one hand it surveys and synthesizes recent research work, while on the other hand new research results are included. Among the topics treated are logics for reasoning about actions and planning, belief revision and the reconciliation of logically conflicting inputs, resolving of conflicts by merging of knowledge and issues in the evolution in object-oriented databases. The book is aimed at the researcher and advanced student active in this field.

Gospel of John, Gentle Greek Reader

Complete Text in Greek and English, Reading Practice for Students of God's Word in Koine Greek

Createspace Independent Publishing Platform Reading the New Testament in its original Greek is deeply rewarding but famously difficult. The Gospel of John, Gentle Greek Reader makes the gospel accessible to intermediate and advanced-beginner students of Koine Greek. This three-in-one volume includes 1. In the scholarly tradition of classical literature, the full text of the Greek gospel, with an English translation on the facing page. 2. A separate and complete Greek-English interlinear of the same text. When you want the in-context definition of a particular word, or help puzzling out an unfamiliar Greek construction, this section serves as a handy dictionary and syntax unraveler. These pages were developed from a scan of a scholarly work in the public domain. 3. When the Greek text prompts you to refresh your memory of, say, athematic middle perfect verb forms, the short reference grammar at the back of the book is there to help. This Gentle Greek Reader is not only fun to read, it will help you transition from grammar rules to reading comprehension. You will learn to read Greek fluently by reading Greek a lot. The interlinear section of this volume includes a first generation scan of a book printed in the 1890s. These pages reproduce the slurring, dropout and other printing artifacts of the original.

Cities

Random House Cities is a fascinating exploration of the nature of the city and city life, of its structures, development and inhabitants. From the ruins of the earliest cities to the present, Reader explores how cities coalesce, develop and thrive, how they can declin

Holy Bible

A reasonably priced, quality black hardcover pew and ministry Bible featuring a large 12-point font.

Reflecting on America's First Black President

An African Perspective of Global Events Critical to the Overall Black History

Xlibris Corporation In highlighting the political and economic progress of African Americans while pinpointing the historical success of Barack Obama in the last presidential election, the book covers the history of the African peoples in the principal regions of Africa, the Caribbean, North America and South America. In reporting and acutely analyzing the same events of human history spanning over 1500 years, it initially delves into the reactions from the political order in the form of the Tea Party Movement following Obama's victory. Totalling over 500 pages, the book then takes the reader on a trip down memory lane, covering events as the slave trade, discrimination and colonization that pitted Africans and their diasporic descendants against Europeans, and later Americans. After covering the critical stages of African Americans' economic and political development following the Civil War to present day, the book crosses the Atlantic Ocean to cover the major failures of political events after independence on the African continent. Two specific chapters in the book analyze the events under feudal Europe that led to the enslavement of Africans while another does the same on the system of capitalism. The final four chapters report and analyze Africa's present challenges and possible solutions.

Discovering the Miracle of the Scarlet Thread in Every Book of the Bible

A Simple Plan for Understanding the Bible

Destiny Image Pub Yes you can understand the Bible! Discovering the Miracle of the Scarlet Thread in Every Book of the Bible takes the mystery and confusion out of the Bible and makes God's Word come alive with new insights and a fresh excitement that will have you searching for more.
