Crusade Penguin *Lieutenant Commander Matthew Reddy and the crew of the USS Walker are transported from the World War II Pacific to an alternate world where they ally themselves with the Lemurians in their battle against the warlike reptilian Grik.* **Crusade Destroyermen, Book II Penguin** *New York Times bestselling author Taylor Anderson's phenomenal series of alternate history continues as the crew of the USS Walker battle old enemies in a new world. After being swept from the World War II Pacific into an alternate world, Lieutenant Commander Matthew Patrick Reddy and the crew of the USS Walker have allied with the peaceful Lemurians in their struggle against the warlike, reptilian Grik. But they are sorely outnumbered, and even the power of the Walker cannot turn the tide of battle. Then, Reddy finds Mahan—the other destroyer that passed through the rift. Together, the ships will teach the Lemurians to stand and fight. Or so they think. For there is another vessel at large: the Amagi—the massive Japanese battleship that Walker was fleeing back in the Pacific. The Amagi also came through the rift... And the Amagi is in the hands of their enemies.* **Firestorm Destroyermen Penguin** *BURNING WATERS Designated Supreme Commander of the Allied Forces, Matt Reddy must now contend with a new threat; the Dominion—humans whose lust for power matches the Grik. But even though the Grand Alliance recognizes the danger of the Dominion, it must deal with the land-based Grik first, leaving the Imperial navy—and USS Walker—with little assistance. As war rages, more Japanese ships come through the time-space maelstrom that the Americans call The Squall. One is a "Hell Ship," carrying prisoners of an Imperial Japan that is growing ever more ruthless in the face of looming defeat.*

Escorting it is a new, state-of-the-art destroyer, whose officers recognize no rules of war. Fighting on two fronts, Reddy is plunged into a firestorm of loyalty, betrayal, and sacrifice. But nothing can prepare him for a devastating new Grik weapon—a weapon that could wipe out all who oppose them... **Maelstrom Penguin** Lieutenant Commander Matthew Reddy and the crew of the U.S.S. Walker prepare for the ultimate confrontation with the reptilian Grik, who have seized control of the Japanese juggernaut Amagi, and the ship's fanatical commander. **Distant Thunders Destroyermen Penguin** The skies explode in this thrilling alternate history novel in Taylor Anderson's New York Times bestselling Destroyermen series. After the terrible battle between the men of the destroyer USS Walker and their Lemurian allies against the savage Grik, Lieutenant Commander Matthew Reddy is shocked by the arrival of a strange ship captained by Commodore Jenks of the New Britain Imperial Navy—an island-nation populated by the descendants of British East Indiamen swept through the rift centuries before. With the Walker undergoing much-needed repairs, Reddy knows the Grik have only been fended off, not defeated, and he will need all hands on deck to fight them off when they next attack—but Jenks' loyalties seem uncertain. As tension between the Allies and the Imperials mount, Reddy will come to realize that his suspicions are not misplaced—and that a greater danger than the Grik is about to be revealed... **Into the Storm Destroyermen, Book I Penguin** A captain and his crew journey out of time and into battle in the first novel in New York Times bestselling author Taylor Anderson's alternate history Destroyermen saga. Pressed into service when World War 2 breaks out in the Pacific, USS Walker—a Great War-era destroyer—finds itself in full retreat from pursuit by Japanese battleships. Its captain, Lieutenant Commander Matthew Patrick Reddy, heads Walker into a squall for cover. They emerge somewhere else... Familiar landmarks appear, but the water teems with vicious, monstrous fish—and there appear to be dinosaurs grazing onshore. Matt and his crew have entered an alternate world...and they are not alone. Humans have not evolved, but two other species have. And they are at war. Reddy and the crew of the Walker have the power and weaponry capable of turning a primitive war into a genocidal Armageddon. Now they must decide which species they will support, because the side they choose will be victorious... **Iron Gray Sea Destroyermen Penguin** In Taylor Anderson's acclaimed Destroyermen series, a parallel universe adds an extraordinary layer to the drama of World War II. Now, Lieutenant Commander Matthew Reddy, the crew of USS Walker, and their allies battle an ever-growing host of enemies across the globe in a desperate battle for freedom ... War has engulfed the—other earth. With every hard-won victory and painful defeat, Matt Reddy and the Allies encounter more friends—and even more diabolical enemies. Even, at last, in the arms of the woman he loves, there is little peace for Reddy. The vast sea, and the scope of the conflict, have trapped him too far away to help on either front, but that doesn't mean he and Walker can rest. Cutting short his "honeymoon," Reddy sails off in pursuit of Hidoiame, a rogue Japanese destroyer that is wreaking havoc in Allied seas. Now that Walker is armed with the latest "new" technology, he hopes his battle-tested four-stacker has an even chance in a straight-up fight against the bigger ship—and he means to take her on. Elsewhere, the long-awaited invasion of Grik "Indiaa" has begun, and the Human-Lemurian Alliance is pushing back against the twisted might of the Dominion. The diplomatic

waters seethe with treachery and a final, terrible plot explodes in the Empire of New Britain Isles. Worse, the savage Grik have also mastered “new” technologies and strategies. Their fleet of monstrous ironclads—and an army two years in the making—are finally massing to strike... **Into the Storm Ace** Pursued by Japanese battleships, the USS Walker, a destroyer under the command of Lieutenant Commander Matthew Patrick Reddy, tries to lose the enemy by heading into a storm, only to become trapped in a primitive alternate world, populated by strange creatures. Reprint. **Deadly Shores Penguin** National bestselling author Taylor Anderson’s explosive WWII alternate-history series continues as a do-or-die battle is waged that risks far more than anyone bargained for. The long-planned raid on the heart of the Grik Empire has grown more ambitious—and dangerously ill defined. Only Matthew Reddy, commander of the old destroyer USS Walker, seems focused on its original intent. Many Lemurians see an opportunity to reconquer their sacred homeland, which was stolen long ago, and have no intention of simply striking a blow and then pulling back. Others, Lemurian and human, have their own agendas—which may not be in the best interests of the Alliance. Complicating matters further is Reddy’s suspicion that his task force is being stalked by an unknown power bent on aiding the Grik for reasons of its own. As the raid begins and chaos reigns, Reddy has no choice but to go all-in, risking everything in a desperate act that results in a sprawling, nightmarish battle on the beaches of “Grik City,” on the very decks of Walker, and in the labyrinthine passageways of the Celestial Palace itself. The final cost could be more than Matt Reddy—or the Alliance—can bear. **Storm Surge Penguin** In the Pacific, as USS Walker is repaired and updated after a previous battle and Matt Reddy is healing from his wounds, planning begins for a bold raid on the very heart of the Grik Empire. But time is running out for the Alliance army in Indiaa, and the Allied forces in the west must gather in an unprecedented land, air, and sea campaign to destroy the mighty Grik battle fleet and break through to their relief. All other plans go on hold when the attempt proves more difficult—and more heartbreakingly costly—than anyone imagined. Meanwhile, the struggle continues on other fronts near and far: in the jungles of Borno in distant southern Africa and in the Americas, where the Allies are finally learning the terrible truth about the twisted Dominion. The Alliance is on the offensive everywhere, but their enemies have a few surprises, including new weaponry and new tactics...and a stunning geographic advantage that Reddy never suspected. Until now. **Firestorm Penguin** The crew of the USS Walker, led by Lieutenant Commander Matthew Reddy, upholds their promise to defend and protect the Allies as they face a new threat from the “Holy Dominion” and their devastating new weapon. **River of Bones Penguin** The crew of a WWII destroyer face their greatest challenge yet as they try to survive in a strange new world in the next thrilling book in the New York Times bestselling series. Commander Matt Reddy and his crew are afraid it may finally be the end of the USS Walker. Ever since their ship was transported to another world, and they became embroiled in a deadly conflict between the Lemurians and the vicious Grik, the Walker has been taking a pounding. With Walker out of commission for repairs, Reddy takes command of a different ship and joins a desperate battle to block the Grik swarm. Meanwhile, the humans and their allies face a deadly second front in the Republic to the south. All of Reddy’s forces are committed, and there’s no turning back. Either they’ll

win—or lose—everything... **Storm Surge Penguin** Aboard the USS Walker, Matt Reddy plans a raid against the Grik Empire while the Alliance fights their enemies' new weapons and tactics. **Rising Tides Ace Books** Lieutenant Commander Matthew Reddy and the crew of the U.S.S. Walker continue to battle for freedom and survival in a parallel universe during World War II in this novel from the author of *Distant Thunders*. In Africa, the Grik General Eschk has escaped defeat to build a new army and new weapons, and is desperate enough to use them to destroy the world if he can't have it. **Distant Thunders Roc** Lieutenant Commander Matthew Reddy waits for his destroyer, the Walker, to be repaired after battling alongside their Lemurian allies to repel the savage Grik, and questions the loyalties of Commodore Jenks, who may be devoted to those representing an even greater danger. Reprint. **Deadly Shores Penguin** Many Lemurians see an opportunity to reconquer their sacred homeland, which was stolen long ago, and have no intention of simply striking a blow and then pulling back. Others, Lemurian and human, have their own agendas which may not be in the best interests of the Alliance. Lieutenant Commander Matthew Reddy, along with the men and women of the battleship Walker, are once again at war. Having sided with the peaceful Lemurians against the savage, reptilian Grik, they now find themselves scrambling to prepare for the attack that is sure to come. With more enemies than ever before arrayed against them, the crew of the Walker needs new allies. That means combing

But what Reddy's crew unearths may be more than they can handle—discoveries so shattering they could tilt the balance of the war in either direction.
