QUICKEN 2009: THE MISSING MANUAL

"O'Reilly Media, Inc." Quicken is a convenient way to keep track of personal finances, but many people are unaware of Quicken's power and end up using only the basic features. Sometimes Quicken raises more questions than it answers: Return of capital from stock? Net worth? What are they and why do you need to know about them? Luckily, Quicken 2009: The Missing Manual picks up where Quicken's help resources leave off. You'll find step-by-step instructions for using Quicken on your Windows PC, including useful features such as budgeting, recording investment transactions, and archiving Quicken data files. You also learn why and when to use specific features, and which ones would be most useful in a given situation. This book helps you: Set up Quicken to take care of your specific needs Follow your money from the moment you earn it Make deposits, pay for expenses, and track the things you own and how much you owe Take care of financial tasks online, and quickly reconcile your accounts Create and use budgets and track your investments Generate reports to prepare your tax returns and evaluate your financial fitness And a lot more. Quicken 2009: The Missing Manual accommodates readers at every technical level, whether you're a first-time or advanced Quicken user. For a topic as important as your personal finances, why trust anything else?

MANAGING YOUR PERSONAL FINANCES WITH QUICKEN

It used to be that to begin working with Quicken, you had to hand-enter all sorts of information--a process so laborious that many people eschewed personal finance software altogether. Not so today: With Quicken 2004's Express Account Setup, all you have to do is select your bank (from a list of more than 2,000), supply your account IDs and PINs, and the software does the rest! All you really need, then, to start wrangling your finances immediately is this pint-sized project-based guide to the software! Rather than cover every last Quicken feature and option, veteran author Tom Negrino selects the quickest, easiest route to accomplishing a given objective--from setting up accounts and entering transactions to writing and printing checks, scheduling automatic bill payment, and securing loans--and presents it through full-page-width screen shots and simple step-by-step instructions. Throughout, you'll learn by doing as you complete the book's projects. By the end of the day, you will have mastered not just Quicken but your finances as well!

THE SAVAGE NUMBER

HOW MUCH MONEY DO YOU NEED TO RETIRE?

[Wiley](#) Nationally known personal finance expert, Terry Savage, shows readers how to find the answers to their retirement questions. The Savage Number provides the hands-on techniques to plan a successful, satisfying retirement. Savage takes readers beyond "guesstimates" and wishful thinking. Instead, she introduces readers to the world of Monte Carlo modeling—the statistical science of modeling multiple alternatives to come up with a range of highly probable results. The process guides readers through the critical decisions about how to invest their retirement money—and how much they can withdraw to live on—so their money lasts their entire lifetime! Filled with in-depth insights and practical advice, The Savage Number takes the guesswork out of retirement planning, so readers can overcome those obstacles and comfortably enjoy the rest of their lives.
