## F in Exams

## The Very Best Totally Wrong Test Answers

**Chronicle Books** *F stands for "funny" in this perfect gift for students or anyone who has ever had to struggle through a test and needs a good laugh. Celebrating the creative side of failure in a way we can all relate to, F in Exams gathers the most hilarious and inventive test answers provided by students who, faced with a question they have no hope of getting right, decide to have a little fun instead. Whether in science (Q: What is the highest frequency noise that a human can register? A: Mariah Carey), the humanities (Q: What did Mahatma Gandhi and Genghis Khan have in common? A: Unusual names), math, or other subjects, these 250 entries prove that while everyone enjoys the spectacle of failure, it's even sweeter to see a FAIL turn into a WIN.*

## F for Effort

## More of the Very Best Totally Wrong Test Answers

**Chronicle Books** From the author of the national bestseller *F in Exams* comes a brand new compendium of hilarious and inventive wrong test answers and homework hiccups. Featuring gems from elementary school ("two halves make a whale"), middle grades (Q: What does "germinate" mean? A: To become a German citizen), and high school (Q: Fossil fuels are usually associated with which major type of rock? A: Classic rock), these 250 examples of creative invention are sure to charm anyone who has had to bluff or blunder their way through a test. Plus, this is a fixed-format version of the book, which looks nearly identical to the print version.

## F in Exams Pop Quiz

## All New Awesomely Wrong Test Answers

**Chronicle Books** Will some students ever learn from their mistakes? We hope not! A new collection of real—and really hilarious—wrong answers. This all-new collection of hilarious, totally wrong, real test answers serves a fresh batch of A+ wit misapplied to F- quiz scores. A little studying would reveal that the most powerful light source known to man isn't "lightsabers," nor do we salt the roads when it snows "to make them taste better." But where's the fun in that? From the same wellspring of failure as the million-selling *F in Exams* series, this special pop quiz collection will amuse and entertain anyone preparing to face down a test paper as well as those just glad to be far away from a classroom.

## F in Exams

## The Best Test Paper Blunders

**Summersdale Publishers LTD - ROW** Q: What happens to a boy when he reaches puberty? A: He says goodbye to childhood and enters adultery. Q: How can you prevent milk turning sour? A: Keep it in the cow. We've all been there. You've been studying hard, the day of the BIG test arrives, you turn over the paper, and 'what the \*&%@ does that mean?!' Not a clue. Some students, rather than admit defeat, choose to adopt a more creative approach to answering those particularly awkward exam questions. Packed full of hilarious examples, this book will bring a smile to the face of teachers, parents and students alike - and anyone who's ever had to sit a test.

## F This Test

## Even More of the Very Best Totally Wrong Test Answers

**Chronicle Books** *New York Times*-Bestselling Series: A collection of laugh-out-loud incorrect test answers showcasing the brilliance of stumped students. From the author of the bestselling *F in Exams*, and *F for Effort* comes this all-new collection of inventively wrong—yet totally real—test responses by students who don't know the answer, but come up with something better instead. Featuring crucial academic subjects including English (Q: Name a key theme in *Madame Bovary*; A: Cows), Geography (Q: Where can you find the Andes?; A: Google Earth), Science (Q: Describe the properties of a meteor; A: An animal that only eats meat) and more, *F this Test* rounds out the curriculum with an extra-credit section for those tricky elective courses, and demonstrates that it's more fun to laugh when faced with an absolute fail.

## Autocomplete: The Book

**Chronicle Books** Every time a browser autocompletes our search query, it's showing us what millions of other people all over the world are searching for. This curious collection showcases the very best of the often strange yet 100% real autocomplete suggestions offered up by popular search engines, compiling them into one hilarious, fascinating, and mildly disturbing volume. Each page contains one search and its 10 best autocomplete suggestions, including the most and least common, from "Why is Ryan Gosling...eating cereal?" to "If the Earth is round...why are shoes flat?" With easy-to-read spreads and playful black-and-white line art throughout, Autocomplete provides a nearly unfiltered look at what people actually search for when they think no one's watching.

## Butts on Things

### 200+ Fun Doodles of Derrieres

**Page Street Publishing** *Because Everything Looks Better with a Butt In* Brian Cook's debut collection of fun, offbeat illustrations, beers have rears, Tetris® becomes Butris and balloons bear backsides. Hot dog buns have buns of their own, and condiments are down-right cheeky. Shatter your assumptions about who and what can rock a rump because with a little imagination, anything is possible. Whether you're seeking a good chuckle, are into unconventional art or are simply looking to get to the bottom of an eccentric curiosity, you won't want to put this gem of a book down.

### Damn You, Autocorrect!

**Random House** *Damn You, Autocorrect!* brings together some of the laugh-out-loud funny and painfully embarrassing posts from the hit website, which highlight the hilarity that often ensues when text messaging goes wrong: girlfriends getting together for 'manila penis,'(mani pedis); a husband texting his wife that he 'laid' the babysitter (paid); a friend asking if someone got tickets to the 'Lady Vagina' (Lady Gaga) concert, and the most popular image on the website so far: a father texting his daughter that he and his mother were going to divorce, when they were in fact just going to Disney. Oops. The phenomenally successful *Damnyouautocorrect.com* began when author Jillian Madison innocently tried to invite some friends over for gelato. Autocorrect, however, had another idea, and asked them over for a night of 'fellatio' instead. And that's just the tip of the iceberg. *Damn You, Autocorrect!* includes 200 never before seen submissions to the website, as well as an introduction from the author and website creator, Jillian Madison.

### Designing Data-Intensive Applications

### The Big Ideas Behind Reliable, Scalable, and Maintainable Systems

**"O'Reilly Media, Inc."** Data is at the center of many challenges in system design today. Difficult issues need to be figured out, such as scalability, consistency, reliability, efficiency, and maintainability. In addition, we have an overwhelming variety of tools, including relational databases, NoSQL datastores, stream or batch processors, and message brokers. What are the right choices for your application? How do you make sense of all these buzzwords? In this practical and comprehensive guide, author Martin Kleppmann helps you navigate this diverse landscape by examining the pros and cons of various technologies for processing and storing data. Software keeps changing, but the fundamental principles remain the same. With this book, software engineers and architects will learn how to apply those ideas in practice, and how to make full use of data in modern applications. Peer under the hood of the systems you already use, and learn how to use and operate them more effectively. Make informed decisions by identifying the strengths and weaknesses of different tools. Navigate the trade-offs around consistency, scalability, fault tolerance, and complexity. Understand the distributed systems research upon which modern databases are built. Peek behind the scenes of major online services, and learn from their architectures.

### Managing Projects with GNU Make

### The Power of GNU Make for Building Anything

**"O'Reilly Media, Inc."** The utility simply known as make is one of the most enduring features of both Unix and other operating systems. First invented in the 1970s, make still turns up to this day as the central engine in most programming projects; it even builds the Linux kernel. In the third edition of the classic *Managing Projects with GNU make*, readers will learn why this utility continues to hold its top position in project build software, despite many younger competitors. The premise behind make is simple: after you change source files and want to rebuild your program or other output files, make checks timestamps to see what has changed and rebuilds just what you need, without wasting time rebuilding other files. But on top of this simple principle, make layers a rich collection of options that lets you manipulate multiple directories, build different versions of programs for different platforms, and customize your builds in other ways. This edition focuses on the GNU version of make, which has deservedly become the industry standard. GNU make contains powerful extensions that are explored in this book. It is also popular because it is free software and provides a version for almost every platform, including a version for Microsoft Windows as part of the free Cygwin project. *Managing Projects with GNU make, 3rd Edition* provides guidelines on meeting the needs of large, modern projects. Also added are a number of interesting advanced topics such as portability, parallelism, and use with Java. Robert Mecklenburg, author of the third edition, has used make for decades with a variety of platforms and

languages. In this book he zealously lays forth how to get your builds to be as efficient as possible, reduce maintenance, avoid errors, and thoroughly understand what make is doing. Chapters on C++ and Java provide makefile entries optimized for projects in those languages. The author even includes a discussion of the makefile used to build the book.

## Tidy the F\*ck Up

## The American Art of Organizing Your Sh\*t

**Simon and Schuster** Even you can get your sh\*t together! *Tidy the F\*ck Up* is a funny, down-to-earth parody of Marie Kondo's *The Life-Changing Magic of Tidying Up*, where you'll be handed the most useful tools for keeping your crap clean and organized without all the pressure. In this book, you'll discover useful ways to figure out what to do with your sh\*t piles in an approachable, care-free way, and you'll say farewell to the hair-pulling stress of marathon cleaning. Tossing all your junk in a closet doesn't make it any less of a clusterf\*ck, but approaching it little by little and making use of some helpful hints can do a world of wonders for all your sh\*t, the comfort of your space, and your general sanity. With this hilarious guide, you'll learn how to: Become a decision-making bad\*ss Get rid of the sh\*t you don't need and keep the sh\*t you do Live life after a clusterf\*ck! And more! With a lighthearted tone that the finest sailors would admire, *Tidy the F\*ck Up* will help you make your house a f\*cking home.

## Things Fall Apart

**Penguin UK** *Okonkwo is the greatest warrior alive, famous throughout West Africa. But when he accidentally kills a clansman, things begin to fall apart. Then Okonkwo returns from exile to find missionaries and colonial governors have arrived in the village. With his world thrown radically off-balance he can only hurtle towards tragedy. Chinua Achebe's stark novel reshaped both African and world literature. This arresting parable of a proud but powerless man witnessing the ruin of his people begins Achebe's landmark trilogy of works chronicling the fate of one African community, continued in Arrow of God and No Longer at Ease.*

## 10 Things You Might Not Know About Nearly Everything

A collection of fascinating historical, scientific and cultural facts about people, places and things

**Agate Digital** *For years, the Chicago Tribune's "10 Things You Might Not Know" column has been informing and entertaining readers on a diverse range of fascinating subjects. 10 Things You Might Not Know About Nearly Everything is a collection of the best of these columns, presented in a fun and easy-to-read format. This book gives readers well-researched, obscure facts on universal topics—including arts and culture, food and leisure, history, politics, science and technology, sports, holidays and religion, lifestyle, language, and more. 10 Things You Might Not Know About Nearly Everything contains a plethora of surprising trivia and pertinent tidbits on so many different areas that will appeal to everyone from history buffs to sports fans to foodies, with an especially riveting look into Chicago-area history and facts. For example, in Zion, Illinois it was once not only illegal to gamble, curse, and sell alcohol and tobacco, but also to whistle on Sundays, put on plays, eat pork or oysters, spit, or wear tan-colored shoes. Some facts will make readers laugh and some will make jaws drop. This collection is a kaleidoscope of the absurd, the outrageous, and the sometimes-gruesome, making a highly entertaining mix of people, places, and things. 10 Things You Might Not Know About Nearly Everything will leave readers brighter, wittier, and curious to learn more about myriad worlds they never encountered before and will never forget.*

## F\*cking History

## 111 Lessons You Should Have Learned in School

**Penguin** *History that doesn't suck: Smart, crude, and hilariously relevant to modern life. Those who don't know history are doomed to repeat it. Too bad it's usually boring as sh\*t. Enter The Captain, the ultimate storyteller who brings history to life (and to your life) in this hilarious, intelligent, brutally honest, and crude compendium to events that happened before any of us were born. The entries in this compulsively readable book bridge past and present with topics like getting ghosted, handling haters, and why dog owners rule (sorry, cat people). Along the way you'll get a glimpse of Edith Wharton's sex life, dating rituals in Ancient Greece, catfishing in 500 BC, medieval flirting techniques, and squad goals from Catherine the Great. You'll learn why losing yourself in a relationship will make you crazy--like Joanna of Castile, who went from accomplished badass to Joanna the Mad after obsessing over a guy known as Philip the Handsome. You'll discover how Resting Bitch Face has been embraced throughout history (so wear it proudly). And you'll see why it's never a good idea to f\*ck with powerful women--from pirate queens to diehard suffragettes to Cleo-f\*cking-patra. People in the past were just like us--so learn from life's losers and emulate the badasses. The Captain shows you how.*

## Passive Aggressive Notes

## Painfully Polite and Hilariously Hostile Writings

**Harper Collins** *Part voyeuristic entertainment, part group therapy, Passive Aggressive Notes offers a fascinating look at the all-too-familiar frustrations of embattled office drones, apartment dwellers, parents, and pet owners everywhere. This curated collection combines dozens of outrageous, never-before-seen notes as well as favorites from Passiveaggressivenotes.com a 2008 Webby Award Winner and the official "Best Blog" of the South by Southwest Interactive festival.*

## Principles and Practice in Second Language Acquisition

**Pergamon** *The present volume examines the relationship between second language practice and what is known about the process of second language acquisition, summarising the current state of second language acquisition theory, drawing general conclusions about its application to methods and materials and describing what characteristics effective materials should have. The author concludes that a solution to language teaching lies not so much in expensive equipment, exotic new methods, or sophisticated language analysis, but rather in the full utilisation of the most important resources - native speakers of the language - in real communication.*

## Understand Rap

### Explanations of Confusing Rap Lyrics that You & Your Grandma Can Understand

**Abrams** *Tongue-in-cheek translations of rap lyrics for the clueless! Rap songs are famous for their double entendres, clever turns of phrase, and general ingenuity, but that doesn't mean things always make sense the first time around. Enter Understand Rap, a funny pop-cultural reference based on the website of the same name, which dryly and precisely explains the confusing lyrics and terms used in rap songs—in language that even the most unhip person can understand! ## Very Good Lives

### The Fringe Benefits of Failure and the Importance of Imagination

**Hachette UK** *In 2008, J.K. Rowling delivered a deeply affecting commencement speech at Harvard University. Now published for the first time in book form, Very Good Lives offers J.K. Rowling's words of wisdom for anyone at a turning point in life, asking the profound and provocative questions: How can we embrace failure? And how can we use our imagination to better both ourselves and others? Drawing from stories of her own post-graduate years, the world-famous author addresses some of life's most important issues with acuity and emotional force.*

## Movies (And Other Things)

**Hachette UK** *INSTANT #1 NEW YORK TIMES BESTSELLER WALL STREET JOURNAL BESTSELLER BARNES & NOBLE BESTSELLER AMAZON BESTSELLER "Paging through Serrano's Movies (and Other Things) is like taking a long drive at night with a friend; there's that warmth and familiarity where the chat is more important than the fastest route from Point A to Point B...It's like a textbook gone right; your attention couldn't wander if it tried." -- Elisabeth Egan, New York Times Book Review* Shea Serrano is back, and his new book, *Movies (And Other Things)*, combines the fury of a John Wick shootout, the sly brilliance of Regina George holding court at a cafeteria table, and the sheer power of a Denzel monologue, all into one. *Movies (And Other Things)* is a book about, quite frankly, movies (and other things). One of the chapters, for example, answers which race Kevin Costner was able to white savior the best, because did you know that he white saviors Mexicans in *McFarland, USA*, and white saviors Native Americans in *Dances with Wolves*, and white saviors Black people in *Black or White*, and white saviors the Cleveland Browns in *Draft Day*? Another of the chapters, for a second example, answers what other high school movie characters would be in Regina George's circle of friends if we opened up the *Mean Girls* universe to include other movies (Johnny Lawrence is temporarily in, Claire from *The Breakfast Club* is in, Ferris Bueller is out, Isis from *Bring It On* is out...). Another of the chapters, for a third example, creates a special version of the Academy Awards specifically for rom-coms, the most underrated movie genre of all. And another of the chapters, for a final example, is actually a triple chapter that serves as an NBA-style draft of the very best and most memorable moments in gangster movies. Many, many things happen in *Movies (And Other Things)*, some of which funny, others of which are sad, a few of which are insightful, and all of which are handled with the type of care and dedication to the smallest details and pockets of pop culture that only a book by Shea Serrano can provide.
