FOLLOW YOUR PASSION, FIND YOUR POWER

EVERYTHING YOU NEED TO KNOW ABOUT THE LAW OF ATTRACTION

Hampton Roads Publishing Wondering how to make the Law of Attraction work in your life? With the publication of The Secret, the Law of Attraction has become a worldwide phenomenon. Yet, many people are still not getting the results they want and have been left disappointed and confused. Now motivational coach Bob Doyle, one of the teachers featured in the film version of The Secret, dispels the misconceptions and myths about the Law of Attraction and offers a practical, easy-to-use program for creating abundance and happiness. Follow Your Passion, Find Your Power is a down-to-earth, no-hype, motivational approach to take control of your life and get the things you want. Doyle makes it clear that the Law is not a personal development tool you can use the right way

or the wrong way; it's a profound statement of how energy works in the universe. It has to do with paying attention, recognizing where you are, and aggressively striving for what you want. It is all about passion, vision, and purpose. Get clear on your vision for your life, and follow a step-by-step plan to live your life by design.

SCREW FINDING YOUR PASSION

IT'S WITHIN YOU, LET'S UNLOCK IT

Susanna Halonen The commonly held belief that you should 'follow your passion' is flawed. Many people believe that in order to be truly happy, you need to find and follow your one and only true passion. This is a very limiting approach to passion, and one not backed up by much research. In fact, recent research in the field of positive psychology has shown that you can live a more fulfilling life by choosing to pursue your whole life with passion. This has nothing to do with monetising the one thing that you love, but finding love in what you do. Susanna Halonen, also known as the Happyologist, introduces a new approach to passion that enables you to take control of your happiness. By highlighting the latest research in the field, including her own, Susanna explains how you can choose to unlock the passion inside you so that you can live a more fulfilling life. The secret to living life with passion is pursuing the passionate way of being, and the five keys to that secret are individually explored and discussed in this book. Each discussion is followed by questions of self-reflection that encourage you to create your own, unique action plan to start unlocking your passion. This book is an eye opener for those who want to understand the real science behind passion. It's also a must-read for anyone who is looking for more fire, spark and positive energy in their lives and careers. Most of all, it's a tool to help you to take a more proactive approach to unearthing your best self and setting out on the path towards passionate happiness. Praise for Screw Finding Your Passion: "Wanting happiness and knowing how to pursue it are two different things. Scientifically, happiness is a choice, not something you find. Using new research and practical tools, Halonen helps us change the formula for how we pursue passion, allowing us to find more ways of achieving our potential and creating joy." - Shawn Achor, positive psychology researcher and NYTimes bestselling author of The Happiness Advantage "It's very clear that Susanna Halonen is passionate about her work. And it's very clear that her work can help you unlock the passion within you." - Tal Ben-Shahar, author of international bestseller Happier "We all have times that life seems flat and not very fulfilling. Susanna's unique stance on passion will enable us to find that love for whatever we're doing right now." - Nina Grunfeld, founder of Life Clubs "This idea is so important it can't be ignored." - Elliot Newsome, founder and Managing Director of SKT Consulting

HOW TO FIND YOUR PASSION

23 QUESTIONS THAT CAN CHANGE YOUR ENTIRE LIFE

Discover Your Passion by Asking the Right Questions. Imagine being able to finally find your passion and have complete clarity about what you were meant to do. There is a short-cut to finding your passion and that is asking the right questions. Einstein once said, "If I had an hour to solve a problem and my life depended on the solution, I would spend the first 55 minutes determining the proper question to ask; for once I know the proper question, I could solve the problem in less than five minutes." You may be asking yourself, 'Why should I focus on a question when what I really want is an answer.' It's simple. Answers come from questions and the quality of any answer is directly determined by the quality of the question. Ask the wrong question, get the wrong answer. Ask the right question, get the right answer. In a serendipitous meeting with Billy Ray Cyrus (country music singer and actor), Michelle Kulp discovered her passion simply because Billy Ray asked her the right question at the right time. Until then, she was living life in survival mode, living paycheck-to-paycheck, feeling deeply unfulfilled, purpose-less and passion-less. Within a short time after her meeting with Billy Ray she found the answer she was looking for and her entire life changed! This book is full of life-altering questions designed to

uncover your passion and purpose. Here's a sample of what you'll discover in this book: Three tools to connect you to your inner wisdom so you can get the guidance you need. How time on the clock can lead you directly to your passions. The unique ways your energy is giving you hidden messages. How to know when your soul is speaking to you. Ways to break free from all the distractions so you can find your passion. Why going small can help you go big. How negatives contain important messages which can show you how to get to the positives. And so much more!

SO GOOD THEY CAN'T IGNORE YOU

Hachette UK Cal Newport's clearly-written manifesto flies in the face of conventional wisdom by suggesting that it should be a person's talent and skill - and not necessarily their passion - that determines their career path. Newport, who graduated from Dartmouth College (Phi Beta Kappa) and earned a PhD. from MIT, contends that trying to find what drives us, instead of focusing on areas in which we naturally excel, is ultimately harmful and frustrating to job seekers. The title is a direct quote from comedian Steve Martin who, when once asked why he was successful in his career, immediately replied: "Be so good they can't ignore you" and that's the main basis for Newport's book. Skill and ability trump passion. Inspired by former Apple CEO Steve Jobs' famous Stanford University commencement speech in which Jobs urges idealistic grads to chase their dreams, Newport takes issue with that advice, claiming that not only is this advice Pollyannish, but that Jobs himself never followed his own advice. From there, Newport presents compelling scientific and contemporary case study evidence that the key to one's career success is to find out what you do well, where you have built up your 'career capital,' and then to put all of your efforts into that direction.

THE ART OF WORK

A PROVEN PATH TO DISCOVERING WHAT YOU WERE MEANT TO DO

HarperCollins Leadership On his thirtieth birthday, Jeff Goins quit his job and began his pursuit of becoming a full-time writer. While certainly that was a milestone day, it was still less significant than the ones that lead to that memorable moment. The journey he took leading up to that daring decision involved twists, turns, and surprises he never expected. In the end, he found his life's purpose, his calling; and in The Art of Work, he wants to share his journey with you and help you, too, discover your life's work, along with the invaluable treasure that comes with doing so. As writer, keynote speaker, and award-winning blogger Jeff Goins explains, our search for discovering the task we were born to do begins with passion but does not end there. Only when our interests connect with the needs of the world do we begin living for a larger purpose. Those who experience this intersection experience something exceptional and enviable. Though it is rare, as Jeff discovered along the journey he shares in this one-of-a-kind book, such a life is attainable by anyone brave enough to try. Through personal experience, compelling case studies, and current research on the mysteries of motivation and talent, Jeff shows readers how to find the vocation they were meant for and what to expect during the long, arduous journey to discovering and pursuing it.

The challenges of being a parent—Would you completely rewrite your child's college-application essays if it would help him get into a better school? The never-endingly interesting topic of sex—Would you be willing to give up sex for a year if you knew it would give you a much deeper sense of peace than you now have? The Book of Questions may be the only publication that challenges—and even changes—the way you view the world, without offering a single opinion of its own.

FINDING YOUR ELEMENT

HOW TO DISCOVER YOUR TALENTS AND PASSIONS AND TRANSFORM YOUR LIFE

Penguin UK Ken Robinson, author of the international bestseller The Element and the most viewed talk on TED.com, offers a practical guide to discovering your passions and natural aptitudes, and finding the point at which the two meet: Finding Your Element. Through a range of stories from his own experience and those of people from all walks of life, Ken Robinson explores the diversity of

intelligence and the power of imagination and creativity. For some, finding their element has brought fame and success, like Ellen McArthur's unusual journey from growing up in a landlocked ex-mining town to achieving sailing glory. However many of the inspiring stories are of ordinary people who read the first book and were moved to share how its principles have transformed their lives, like the man who found fulfilment as a magician after years of working as a computer engineer. This book also provides the tools, techniques, resources and advice you need to discover the depth of your abilities and identify opportunities for change. It looks at the conditions that enable you to find yourself: why it's so important to connect with people who share your element and why your attitudes may be holding you back. Finding Your Element shows that age and occupation are no barriers to discovering what makes us happiest, and that once we have found our path we can help others to do so as well. Sir Ken Robinson, Ph.D, is an internationally recognized leader in the development of creativity, innovation, and human potential. He advises governments, corporations, education systems, and some of the world's leading cultural organizations. His 2008 talk on how schools kill creativity is still the most watched video on TED.com with over 13.5 million views to date. Lou Aronica is the author of two novels and coauthor of several works of nonfiction, including The Culture Code (with Clotilde Rapaille) and The Element.

NO PASSION OR TOO MANY PASSIONS TO FOCUS ON?

You've got bills to pay, student debt to crawl out from, and maybe you wake up in the morning feeling like you're serving a life sentence. Everyone knows that following your dreams is child's play, right? Grown-ups have to suck it up and do what needs to be done. Wrong. Finding and following your true passion is not only possible, but it's also healthier for you. The New York Times reports that people who do things they love are up to 34% less stressed than the rest of us. You don't have to be wealthy, talented, or lucky to do something you love and make money from it--all you need is a set of easy-to-follow, tried and proven strategies. Unlike other job-hunting books, these strategies actually accomplish what they claim. THE CROSSROADS OF SHOULD AND MUST

FIND AND FOLLOW YOUR PASSION

Workman Publishing Company Who hasn't asked the question "How can I find and follow my true calling?" Elle Luna frames this moment as "standing at the crossroads of Should and Must." "Should" is what we feel we ought to be doing, or what is expected of us. "Must" is the thing we dream of doing, our heart's desire. And it was her own personal journey that inspired Elle Luna to write a brief online manifesto that, in a few short months, has touched hundreds of thousands of people who've read it or heard Elle speak on the topic. Now Ms. Luna expands her ideas into an inspirational, highly visual gift book for every recent graduate, every artist, every seeker, every career changer. The Crossroads of Should and Must has a universal message—we get to choose the path between Should and Must. And it gives every reader permission to embrace this message. It's about the difference between jobs, careers, and callings. The difference between going to work and becoming one with your work. Why knowing what you want is often the hardest part. It gives eye-opening techniques for reconnecting with one's inner voice, like writing your own obituary (talk about putting life in perspective). It talks about the most common fears of choosing Must over Should—money, time, space, and the ultimate fear: total vulnerability—and shores up our hesitation with inspiring stories of and quotes from the artists and writers and thinkers who've faced their own crossroads of Should and Must and taken the leap. It explains the importance of mistakes, of "unlearning," of solitude, of keeping moving, of following a soul path. Presented in four chapters—The Crossroads, The Origin of Should, Must, and The Return—inspired by the hero's journey outlined by Joseph Campbell, The Crossroads of Should and Must guides us from the small moment, discovering our Must, to the big moment—actually doing something about it, and returning to share our new gifts with the world.

UNFOLLOW YOUR PASSION

HOW TO CREATE A LIFE THAT MATTERS TO YOU

Simon and Schuster Named a Best Feel-Good Book of 2021 by The Washington Post A hilarious and honest not-quite-self-help book in the vein of Buy Yourself the F*cking Lilies and I Used to Have a Plan. Every person on the planet wants their life to mean something. The problem is that you've been told there's only one way to find that meaning. In Unfollow Your Passion, Terri Trespicio—whose TEDx talk has more than six million views—questions everything you think you need: passion (fun, but fleeting), plans (flimsy at best), and a bucket list (eye roll), to name a few. Instead, she shows you how (and why) to flip society, culture, and the #patriarchy the bird so you can live life on your terms. Trespicio effortlessly guides you through her method of unhooking yourself from other people's agendas, boning up on the skills to move you forward, and exploring your own creativity, memory, and intuition to unlock your unique path to meaning—while also confronting the challenges that stop you in your tracks, like boredom, loss, and fear. Trespicio delivers a personal growth book unlike any other with insights that are “wildly funny and infinitely compelling,” (Farnoosh Torabi, host of the So Money podcast). Fans of Glennon Doyle's Untamed and Luvvie Ajayi Jones's Professional Troublemaker will love this fresh and fearless take on what it means to unfollow the rules you were given.

BEFORE WE WERE STRANGERS

A LOVE STORY

Simon and Schuster Before We Were Strangers description forthcoming from Atria Books.

THINK LIKE A MONK

TRAIN YOUR MIND FOR PEACE AND PURPOSE EVERY DAY

Simon & Schuster Jay Shetty, social media superstar and host of the #1 podcast On Purpose, distills the timeless wisdom he learned as a monk into practical steps anyone can take every day to live a less anxious, more meaningful life. When you think like a monk, you'll understand: -How to overcome negativity -How to stop overthinking -Why comparison kills love -How to use your fear -Why you can't find happiness by looking for it -How to learn from everyone you meet -Why you are not your thoughts -How to find your purpose -Why kindness is crucial to success -And much more... Shetty grew up in a family where you could become one of three things—a doctor, a lawyer, or a failure. His family was convinced he had chosen option three: instead of attending his college graduation ceremony, he headed to India to become a monk, to meditate every day for four to eight hours, and devote his life to helping others. After three years, one of his teachers told him that he would have more impact on the world if he left the monk's path to share his experience and wisdom with others. Heavily in debt, and with no recognizable skills on his résumé, he moved back home in north London with his parents. Shetty reconnected with old school friends—many working for some of the world's largest corporations—who

were experiencing tremendous stress, pressure, and unhappiness, and they invited Shetty to coach them on well-being, purpose, and mindfulness. Since then, Shetty has become one of the world's most popular influencers. In 2017, he was named in the Forbes magazine 30-under-30 for being a game-changer in the world of media. In 2018, he had the #1 video on Facebook with over 360 million views. His social media following totals over 38 million, he has produced over 400 viral videos which have amassed more than 8 billion views, and his podcast, On Purpose, is consistently ranked the world's #1 Health and Wellness podcast. In this inspiring, empowering book, Shetty draws on his time as a monk to show us how we can clear the roadblocks to our potential and power. Combining ancient wisdom and his own rich experiences in the ashram, Think Like a Monk reveals how to overcome negative thoughts and habits, and access the calm and purpose that lie within all of us. He transforms abstract lessons into advice and exercises we can all apply to reduce stress, improve relationships, and give the gifts we find in ourselves to the world. Shetty proves that everyone can—and should—think like a monk.

HOW WILL YOU MEASURE YOUR LIFE? (HARVARD BUSINESS REVIEW CLASSICS)

Harvard Business Review Press In the spring of 2010, Harvard Business School's graduating class asked HBS professor Clay Christensen to address them—but not on how to apply his principles and thinking to their post-HBS careers. The students wanted to know how to apply his wisdom to their personal lives. He shared with them a set of guidelines that have helped him find meaning in his own life, which led to this now-classic article. Although Christensen's thinking is rooted in his deep religious faith, these are strategies anyone can use. Since 1922, Harvard Business Review has been a leading source of breakthrough ideas in management practice. The Harvard Business Review Classics series now offers you the opportunity to make these seminal pieces a part of your permanent management library. Each highly readable volume contains a groundbreaking idea that continues to shape best practices and inspire countless managers around the world.

THE RIGHTEOUS MIND

WHY GOOD PEOPLE ARE DIVIDED BY POLITICS AND RELIGION

Penguin UK In *The Righteous Mind*, psychologist Jonathan Haidt answers some of the most compelling questions about human relationships: Why can it sometimes feel as though half the population is living in a different moral universe? Why do ideas such as 'fairness' and 'freedom' mean such different things to different people? Why is it so hard to see things from another viewpoint? Why do we come to blows over politics and religion? Jonathan Haidt reveals that we often find it hard to get along because our minds are hardwired to be moralistic, judgemental and self-righteous. He explores how morality evolved to enable us to form communities, and how moral values are not just about justice and equality - for some people authority, sanctity or loyalty matter more. Morality binds and blinds, but, using his own research, Haidt proves it is possible to liberate ourselves from the disputes that divide good people. 'A landmark contribution to humanity's understanding of itself' *The New York Times* 'A truly seminal book' David Goodhart, *Prospect* 'A tour de force - brave, brilliant, and eloquent. It will challenge the way you think about liberals and conservatives, atheism and religion, good and evil' Paul Bloom, author of *How Pleasure Works* 'Compelling . . . a fluid combination of erudition and entertainment' Ian Birrell, *Observer* 'Lucid and thought-provoking ... deserves to be widely read' Jenni Russell, *Sunday Times*
