Guns Illustrated 1982 [DBI Books](#) John Nosler Going Ballistic John Nosler - Going Ballistic is the story of John Nosler - a hunter, innovator and self-taught ballistics engineer. Born in California, he came of age in the Great Depression and raced his home-built cars on the dirt tracks of Huntington Beach and Pomona. From California, he moved to Oregon and embarked on a legendary big game hunting career. He first hunted moose in Canada in the 1940s and recognized the need for a projectile that would stand up to the velocity generated by the new magnum rifle cartridges. When hunters want a bullet they can depend on, the name they trust, more than any other, is Nosler. From the Partition, introduced to the shooting public in the late 1940s, to the Zepedo, Solid Base and Ballistic Tip, to today's cutting-edge AccuBond, John Nosler built a reputation on accuracy and performance, one bullet at a time.
