Hunter

Disney-Hyperion They came after the Diseray. Some were terrors ripped from our collective imaginations, remnants of every mythology across the world. And some were like nothing anyone had ever dreamed up, even in their worst nightmares. Monsters. Long ago, the barriers between our world and the Otherworld were ripped open, and it's taken centuries to bring back civilization in the wake of the catastrophe. Now, the luckiest Cits live in enclosed communities, behind walls that keep them safe from the hideous monsters fighting to break through. Others are not so lucky. To Joyeaux Charmand, who has been a Hunter in her tight-knit mountain community since she was a child, every Cit without magic deserves her protection from dangerous Othersiders. Then she is called to Apex City, where the best Hunters are kept to protect the most important people. Joy soon realizes that the city's powerful leaders care more about luring Cits into a false sense of security than protecting them. More and more monsters are getting through the barriers, and the close calls are becoming too frequent to ignore. Yet the Cits have no sense of how much danger they're in-to them, Joy and her corp of fellow Hunters are just action stars they watch on TV. When an act of sabotage against Joy takes an unbearable toll, Joy uncovers a terrifying conspiracy in the city. There is something much worse than the usual monsters infiltrating Apex. And it may be too late to stop them

Hunter's Paradise

The Homecoming

Christian Faith Publishing, Inc. Set in the 1980s near Yakutat, Alaska, **Hunter's Paradise: The Homecoming** is the story of the Bootans, owners of a sixty-thousand-acre outfitter and ranch, Paradise. Paradise is a land of splendor with virgin forests, lakes, and streams filled with the abundance of wildlife. The head of the family is the tough and hardened but godly man, former Marine Master Gunnery Sergeant John Bootan. He and his business partner, Dan Lupa, are professional hunting guides. They book fly-in clients from the United States and other countries for Alaskan big game hunting and fishing. John's outfitter team includes four nephews, their wives, a niece, and hired help. Whether their story takes you to the war scenes of World War II, Korea, and Vietnam, the dangers of big game hunting, or the lost romances of their past, their courage and spirit exemplify the heart of a true American Christian family. In **The Homecoming** a thirteen-year tribulation continues involving John's oldest nephew Brandon. An emotionally torn veteran, who lost his most precious possessions before his Vietnam trauma: His faith in God, his wife to be, Marcy Lamore, and his dignity as a man. In a desperate search for a meaning and purpose in life, he is fostered by the sage wisdom of his Uncle John and the devoted love of his younger brother Bud. However, Bud's recent marriage to Elaine Petry is a threat to Brandon, fearing that she has taken Bud away from him. In their homecoming to Paradise, a clash between husband and wife, between brother and brother, and between sister-in-law and brother-in-law unfold. To save his family from destruction, Brandon seeks refuge at Little Splendor, land also owned by the Bootans. Months later after leaving Paradise, Brandon learns of a hunting disaster involving Bud and quickly joins his family for a search and rescue. It becomes a long journey back home for the Bootans as they struggle with the natural elements, their fellow man, and ultimately with themselves.

The Honey Hunter

Little Gestalten Featuring exotic images and empathetic language, this modern day Indian fairy tale teaches children to respect and appreciate nature. The story of the honey hunter beings in Sundarban, a land of eighteen tides and six seasons, where three rivers meet in a huge mangrove forest. At first, everything is peaceful for the thousands and thousands of honey-bees that live there not far from the Bay of Bengal. They fly from flower to flower, collect nectar, and supply both people and animals with their sweet, liquid gold. Everyone who lives in Sundarban loves honey, but one most of all: a small, black-haired boy named Shonu. One year, the seasons in Sundarban get mixed up and the region is plagued by powerful cyclones followed by drought and hunger. Shonu becomes so unbelievably hungry that he sneaks into the mangrove forest and breaks the golden rule: he takes honey from the hives even though it is not yet harvest time. Shonu doesn't quite realize that what he has done could get him into deep trouble with the almighty demon tiger... This modern day fairy tale reveals what can happen when someone interferes with nature's rhythm. It teaches children to respect and appreciate the environment. Inspired by Muslim and Hindu myths, author Karthika Nair and Illustrated by Joelle Jolivet have created a compelling narrative style and visual language to tell their tale.
