AUTO REPAIR FOR DUMMIES

John Wiley & Sons Auto Repair For Dummies, 2nd Edition (9781119543619) was previously published as Auto Repair For Dummies, 2nd Edition (9780764599026). While this version features a new Dummies cover and design, the content is the same as the prior release and should not be considered a new or updated product. The top-selling auto repair guide--400,000 copies sold--now extensively reorganized and updated Forty-eight percent of U.S. households perform at least some automobile maintenance on their own, with women now accounting for one third of this \$34 billion automotive do-it-yourself market. For new or would-be do-it-yourself mechanics, this illustrated how-to guide has long been a must and now it's even better. A complete reorganization now puts relevant repair and maintenance information directly after each automotive system overview, making it much easier to find hands-on fix-it instructions. Author Deanna Sclar has updated systems and repair information throughout, eliminating discussions of carburetors and adding coverage of hybrid and alternative fuel vehicles. She's also revised schedules for tune-ups and oil changes, included driving tips that can save on maintenance and repair costs, and added new advice on troubleshooting problems and determining when to call in a professional mechanic. For anyone who wants to save money on car

repairs and maintenance, this book is the place to start. Deanna Sclar (Long Beach, CA), an acclaimed auto repair expert and consumer advocate, has contributed to the Los Angeles Times and has been interviewed on the Today show, NBC Nightly News, and other television programs.

THE NAKED FARMER

Macmillan Publishers Aus. Ben Brooksby is a fifth-generation farmer from St Helens Plains in western Victoria. When he was younger, he struggled with anxiety and other mental health issues, as do so many others in rural communities. A simple social media post helped him to turn things around. After he shared a photo on Instagram showing himself naked in a truck full of lentils, he received a huge response, with other farmers wanting to share their own photos - and their stories. As the Naked Farmer movement grew, Ben met people from all around the country who wanted to get naked for mental health. As they got their kits off, they also opened up about their struggles. This is a heartwarming, moving and candid collection of stories of the challenges our farmers are facing, and the way these communities are banding together in response. FOLLOW ME

INDIA - THE SHIMMERING DREAM

Veloce Publishing Ltd This extraordinary account of a remarkable journey made in 1933, through Iraq, Iran and Baluchistan (now part of Pakistan) to India is packed full of wonder, adventure, determination and love of travel and motorcycles. But what really sets this book apart are the wonderful descriptions of the people and cultures, now nearly forgotten, yet still hugely relevant in today's age: all brought evocatively to life by the stunning photos from 1933. At that time, the idea of travelling to India on a motorcycle through the Middle East was considered impossible; there were often no roads, not even any paths, and they were attempting to cross the burning deserts in the middle of August, on a tiny two-stroke motorcycle with barely enough power for the bike and rider, let alone a pillion passenger! This book is more than a fantastic adventure; it also offers some perceptive insights into the peoples, places and cultures of the time, as well as being full of drama, both personal and mechanical, as the motorcycle is urged on across the shimmering sands. A true window on the past - and a book which is definitely a 'must have' for all travel and motorcycle enthusiasts.

PLACE OF SHADOWS

THE HISTORY OF NOOSA

Boolarong Press This comprehensive history of Noosa comes straight from the heart. Award-winning writer Phil Jarratt has lived in the seaside town for more than 30 years, and has played many roles, as both communicator and protagonist, over its transition from sleepy village to iconic resort. In many ways it is a love letter to his adopted home, but the Noosa story is not always a pretty one, and Jarratt does not flinch from the harsh realities of the cruelties inflicted on the Kabi Kabi First Nation, nor from the wild years when Tewantin was a playground for cashed-up gold diggers, nor from the unscrupulous development deals of the Joh era. But this is a history filled with admiration for the fighters of the past, and hope for the future.

MILK PRODUCTION AND PROCESSING

Daya Publishing House The book covers various aspects of dairying and milk products such as dairy farm establishment, management, production and utilisation of various dairy products. Information has been included on various aspects of dairy farming starting with selection and purchase of dairy cattle, their care and management, with respect to housing, feeding, breeding and health care during various physiological states such as growth, pregnancy and lactation and during different seasons. Details of health care management along with common diseases have been covered with all information required for educated farmers and technicians working in these areas. Various means for consistent improvement of the stock has also been included. Production of clean milk, its procurement, processing and distribution has been covered with more emphasis on common processing technologies such as pasteurisation and sterilisation. Different forms of liquid milk available in the market has been described along with its standards and other specifications for the knowledge of common man and technicians. Manufacturing methods of milk products have been included with appropriate flow chart wherever required and various categories of milk products have been covered in detail under different chapters under milk products. This book has been prepared with emphasis on second year syllabus of Vocational higher secondary course on milk products and dairying and considering the lack of a suitable textbook for this subject. Hence the book is expected to fill the gap of a textbook for the above said and similar courses. Also the book may be accepted as a textbook/manual for educated farmers, other teaching and training programmes covering similar syllabus like that of dairy farm instructors and as a handbook for Veterinary Students and Dairy Extension Officers. With these introductory notes, we presume that the book will satisfy its readers' requirements and form a valuable textbook/reference book for all those concerned with dairy animal production and utilisation of their products ultimately benefiting the farming community.

LIFE OF BRINE

A SURFER'S JOURNEY

Hardie Grant Publishing "In the not-so-small world of surfing, Phil Jarratt has seen it all. Luckily for us, he's a fearless, funny storyteller, with a reporter's unsentimental eye and an endearing modesty. But his memoir is, above all, a haunting self-portrait: the boy practising drop-knee cutbacks in his mother's full-length mirror in mid-century Wollongong becomes a man." William Finnegan, Pulitzer Prize-winning author of *Barbarian Days* *Life of Brine* is the memoir of Phil Jarratt, one of the world's best-known chroniclers of surfing culture whose lifelong pursuit of the perfect wave has placed him in the midst of some of the most exciting moments in surfing's modern history. Jarratt, who has courted controversy in his long career as a journalist, editor and documentarian, pulls no punches as he rides an exhilarating wave of nostalgia from the sixties up until now, through the heady days of drugs, alcohol and excess in Bali and Biarritz and other exotic locations in between. Filled with debauchery, reflection and insight, this is a book that will be devoured by surfers young and old.
