KEY=LEADERSHIP - BRIA CRISTOPHER

Leadership: Research Findings, Practice, and Skills

Cengage Learning Perfect for instructors who take a practical, skill-building approach to teaching leadership, the seventh edition of LEADERSHIP provides an ideal balance of essential theory and real-world applications. Andrew DuBrin, a highly respected author and consultant, incorporates the latest research on leadership and current business practices from academic journals and popular periodicals. The text provides students with a strong practical foundation by introducing leaders they can relate to and reinforcing their knowledge with frequent skill-building activities. Key updates include new opening vignettes and end-of-chapter cases, numerous additional skill-building exercises, and video discussion questions at the end of each chapter. An all-new CourseMate interactive study tool site features additional video content, premium quizzing, and links to both the Career Transitions job search tool and Cengage's KnowNOW blog, which is constantly updated and provides an intuitive view of current events. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Leadership: Research Findings, Practice, and Skills

Cengage Learning Examine the keys to leadership success with the practical, skill-building approach found in DuBrin's LEADERSHIP: RESEARCH FINDINGS, PRACTICE AND SKILLS, 10E. This edition balances current research and theories with the latest applications from successful practitioners in today's business world. New and updated, popular self-assessment quizzes and the latest skill-building exercises help you inventory and strengthen your own leadership qualities and personal competencies. An engaging narrative highlights stories of leadership in familiar companies, such as UPS, Best Buy, Salesforce, Kohl's and GM. This edition provides more opportunities than any other book of its kind to apply the principles you've just learned in cases and experiential exercises. Practical insights, supported by contemporary research, assist you in developing the skills and confidence you need to become an effective leader. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Leadership

Research Findings, Practice, and Skills

Leadership Research Findings, Practice And Skills, 2008 Edition

Dreamtech Press The present book takes a practical, skill-building approach to studying or teaching leadership. The text balances theory with real-world applications. DuBrin, a highly respected author and consultant, incorporates current research on leadership and real-world business events. Leadership profiles focus on successful men and women to whom students can easily relate, such as lower-level, small business, and not-for-profit leaders. This world-class text on leadership is ideal for instructors as well as students to focus on the quality of leadership as needed to be inculcated.

Leadership: Research Findings, Practice, Skills Fourth Edition

Dreamtech Press In keeping with the text's increased emphasis on interpersonal skills, the core and interpretation section of each leadership self assessment has been expanded to help students better understand and apply their results. The chapter on leadership and ethics, focus on moral ethical leadership in relation to standard business practices. In particular, the chapter highlights ethical decision-making and the importance of social responsibility with reference to Enron and WorldCom.

Leading Digital

Turning Technology Into Business Transformation

Harvard Business Press ["Leading Digital makes the provocative argument that the next imminent phase of digital technology adoption - driven by the convergence of mobility, analytics, social media, cloud computing, and embedded devices - will make everything that's happened so far look like a prelude. The authors, a trio of highly regarded thought leaders on corporate digital transformation, say changes in the digital realm so far have focused on high tech and media companies - but there's still a whopping 94% of the business economy that needs to change. This book will show them how. George Westerman of MIT, Didier Bonnet of Capgemini Consulting, and Andrew McAfee, also at MIT, say there is opportunity for these businesses to learn from those that have already mastered the digital landscape. Based on a study of more than 400 large, mainstream firms in every industry around the globe, the authors usefully break down how these organizations have used their own digital transformation to gain strategic, competitive advantage. Readers will learn how these digital leaders have transformed their businesses through smart and rigorous digital investments, and through smart and effective leadership of the change. Leading Digital offers practical, real-life tested frameworks that can be instantly applied. Case studies include Nike, Caesars, Burberry, Asian Paints, Pages Jaunes, Codelco, and more"--](#)

Managing Early Years Settings

Supporting and Leading Teams

SAGE ["This book is a very useful resource for setting leaders undertaking advanced study, such as Early Years Professional Status and the National Professional Qualification in Integrated Centre Leadership...\[I\]t is also an interesting and up-to-date reference tool for qualified managers and leaders of early years settings, large and small, in all sectors' - Early Years Update 'Through discussion points and case studies, the authors explore the key skills and techniques necessary to effectively lead and manage an early years setting - Nursery Education Plus, as part of their 'Ten of the Best early years professional books' feature. `This book will make a relevant and helpful contribution in enabling practitioners to explore and understand the different ways in which they can lead and manage across a diverse range of settings and at different levels. Through helpful discussion points and case studies, the book will encourage practitioners to consider both theory and practice, including value based practice and the skills required for working within a new multi-disciplinary environment. A welcome and accessible text for early years practitioners facing the challenges and demands of this new agenda' - Professor Linda Miller, Professor of Early Years, The Open University Firmly grounded in practice, this book puts children and families at the centre of good early years leadership. There is now](#)

considerable emphasis on leadership skills in this sector, as the workforce becomes increasingly professionalized. The following are considered: - changes and developments within the early years sector - the impact of good leadership on children and their families - effective practice in a variety of settings, including Children's Centres - value-based leadership, and inspirational leadership - meeting the challenges - managing change - inter-agency and multi-disciplinary working - working with families and parent groups. Useful features such as Activities for Continuing Professional Development, Questions for Reflection and Pictures of Practice appear throughout the book. Those studying for Foundation Degrees, leaders undertaking the National Professional Qualification for Integrated Centre Leadership (NPQICL), those undertaking the management modules for Early Years Professional Status (EYPS) and anyone studying Childhood and Early Childhood will find this book an invaluable aid.

True North

Discover Your Authentic Leadership

John Wiley & Sons True North shows how anyone who follows their internal compass can become an authentic leader. This leadership tour de force is based on research and first-person interviews with 125 of today's top leaders—with some surprising results. In this important book, acclaimed former Medtronic CEO Bill George and coauthor Peter Sims share the wisdom of these outstanding leaders and describe how you can develop as an authentic leader. True North presents a concrete and comprehensive program for leadership success and shows how to create your own Personal Leadership Development Plan centered on five key areas: Knowing your authentic self Defining your values and leadership principles Understanding your motivations Building your support team Staying grounded by integrating all aspects of your life True North offers an opportunity for anyone to transform their leadership path and become the authentic leader they were born to be. Personal, original, and illuminating stories from Warren Bennis, Sir Adrian Cadbury, George Shultz (former U.S. secretary of state), Charles Schwab, John Whitehead (Co-Chairman, Goldman Sachs), Anne Mulcahy (CEO, Xerox), Howard Schultz (CEO, Starbucks), Dan Vasella (CEO, Novartis), John Brennan (Chairman, Vanguard), Carol Tome (CFO, Home Depot), Donna Dubinsky (CEO/cofounder, Palm), Alan Horn (President, Warner Brothers), Ann Moore (CEO, Time, Inc.) and many others illustrate the transitions that shape the type of leaders who will thrive in the 21st century. Bill George (Cambridge, MA) has spent over 30 years in executive leadership positions at Litton, Honeywell, and Medtronic. As CEO of Medtronic, he built the company into the world's leading medical technology company as its market capitalization increased from \$1.1 billion to \$60 billion. Since 2004, he has been a professor at the Harvard Business School. His 2004 book Authentic Leadership (0-7879-7528-1) was a BusinessWeek bestseller. Peter Sims (San Francisco, CA) established "Leadership Perspectives," a course on leadership development at the Stanford Graduate School of Business and cofounded the London office of Summit Partners, a leading investment firm. Their Web site is www.truenorthleaders.com.

Essence of Leadership

Cengage Learning Business Press Based on recent research, this volume examines a wide range of leadership issues and looks at best practice as exhibited by global business leaders.

Self-Leadership: How to Become a More Successful, Efficient, and Effective Leader

from the Inside Out

McGraw Hill Professional Lead yourself to success—and others are sure to follow “For leaders looking for a plan of ‘Why, What, and How’ to become a better leader, the answer is between the covers of this book.” —Chester Elton, New York Times bestselling author of *The Carrot Principle*, *The Orange Revolution*, and *All In* “Ever wish you could be more confident, more engaged, or more productive in your life? Look no further. All the concepts and tools are right here.” —Ryan M. Niemiec, Psy.D., Psychologist and Education Director, VIA Institute on Character “Self-reliance, courage, confidence, emotional self-awareness, and perseverance encompassed into one leadership concept.” —Garee W. Earnest, Ph.D., Professor, The Ohio State University “Bryant and Kazan’s groundbreaking work challenges us to take the first small steps of what will be for many a lifelong journey of self-discovery from the inside out.” —R. Dale Safrit, Ed.D., Professor, North Carolina State University “Andrew and Ana’s . . . research, insights, and experience provide a practical tool-kit on how you can choose to live your life and your work and influence others to do the same.” —Philip Beck, Chairman, Dubeta “It is generally accepted in the business literature that the heart of leadership is leading self. I believe that leading self is also the path to being a ‘responsible’ leader. The important contribution made by *Self Leadership* is that it tells you what to do if you want to get better at leading self. Read this book if you desire to be more effective as a leader and remember, “You don’t have to be bad at leadership to get better.” —Stephen C. Lundin Ph.D., author of the bestseller, *Fish!*

High-Output Management

Vintage

Developing Professional Practice 14-19

Routledge The Developing Professional Practice series provides a thoroughly comprehensive and cutting edge guide to developing the necessary knowledge, skills and understanding for teaching within the 0-7, 7-14 or 14-19 age ranges. Each of the three titles offers a genuinely accessible and engaging introduction to a wide range of professional practice supporting the education of babies to young adults. Discussion of current developments in theory, policy and research is combined with guidance on the practicalities of working with each age group. Numerous examples of real practice are included throughout, along with a range of additional features to help promote understanding.

The Idea Hunter

How to Find the Best Ideas and Make them Happen

John Wiley & Sons A different way of discovering and developing the best business ideas Jack Welch once said, “Someone, somewhere has a better idea.” In this myth-busting book, the authors reveal that great business ideas do not spring from innate creativity, or necessarily from the brilliant minds of people. Rather, great ideas come to those who are in the habit of looking for great ideas all around them, all the time. Too often, people fall into the trap of thinking that the only worthwhile idea is a thoroughly original one. Idea Hunters know better. They understand that valuable ideas are already out there, waiting to be found - and not just in the usual places. Shows how to expand your capacity to find and develop winning business ideas Explains why ideas are a critical asset for every manager and professional, not just for those who do “creative” Reveals how to seek out and select the ideas that best serve your purposes and goals and define who you are, as a professional Offers practical tips on how to master the everyday habits of an Idea Hunter, which include cultivating great conversations The book is filled with illustrative accounts of successful Idea Hunters and stories from thriving “idea” companies. Warren Buffet, Walt Disney, Thomas Edison, Mary Kay Ash, Twitter, and Pixar Animation Studios are among the many profiled.

Strategic Management

From Theory to Practice

Routledge Leadership, adaptability, value creation. These are the skills necessary for tomorrow's managers. Allen Amason approaches the topic of strategic management with these traits in mind. Rather than simply teaching theory and research, he seeks to communicate to them the fundamental keys to how strategy works. This book is designed to help students think critically and understand fully how to strategically manage their future firms. In so doing, it will enable them to adapt and learn, even as their circumstances change; to apply sound logic and reasoning, even in new and unfamiliar settings. By conveying enduring and fundamental principles of economic and human behavior rather than simply reporting on the latest innovations, this book succeeds in preparing students to excel in the business environment over time, regardless of how it evolves.

Hope

How Triumphant Leaders Create the Future

John Wiley & Sons Whether organizations face uncertainty or meet the challenge of the constant pressure to innovate, leaders must dig deep to keep their focus and stay effective. In this landmark book, Andrew Razeghi isolates the critical factor that is at the core of successful leadership in any climate. Hope is based on research from neuroscience and behavioral psychology and interwoven with real-world stories of entrepreneurs, elite athletes, political leaders, and groundbreaking scientists. Razeghi shows that hope is a proven tool for competitive advantage and clearly demonstrates how it can be nurtured and developed. Throughout the book, he outlines a proven strategy for honing leadership skills and shows how to apply this strategy to individuals, teams, and organizations.

Leadership and Management in Pharmacy Practice

CRC Press Over the past years, the changing nature of pharmacy practice has caused many to realize that the practice must not only be managed, but also led. Leadership and Management in Pharmacy Practice discusses a variety of leadership and managerial issues facing pharmacists now and in the future. This second edition has been reorganized by placing leader

Leadership Fatigue

What New Leaders Can Learn from an Old King

WestBow Press Why do high-profile leaders give in to certain temptations? How do leadership decisions impact the lives of others? Is there a way back to the top once a leader has fallen? Veteran teacher and experienced scholar Dr. Carlo Serrano explores the crisis of leadership failure in this in-depth study of one of history's greatest leaders: King David. How did a great king fall so far? Find out in Leadership Fatigue: What New Leaders Can Learn from an Old King!

Think Again

Why Good Leaders Make Bad Decisions and How to Keep it From Happening to You

Harvard Business Press Why do smart and experienced leaders make flawed, even catastrophic, decisions? Why do people keep believing they have made the right choice, even with the disastrous result staring them in the face? And how can you be sure you're making the right decision--without the benefit of hindsight? Sydney Finkelstein, Jo Whitehead, and Andrew Campbell show how the usually beneficial processes of the human mind can become traps when we face big decisions. The authors show how the shortcuts our brains have learned to take over millennia of evolution can derail our decision making. Think Again offers a powerful model for making better decisions, describing the key red flags to watch for and detailing the decision-making safeguards we need. Using examples from business, politics, and history, Think Again deconstructs bad decisions, as they unfolded in real time, to show how you can avoid the same fate.

Fundamentals of Organizational Behavior

An Applied Perspective

Elsevier Fundamentals of Organizational Behavior: An Applied Perspective, Second Edition examines the behavior of people in organizations. Topics covered range from political maneuvering in organizations (office politics) to the stresses facing people in managerial and professional positions. A conceptual framework for organizational behavior is presented, along with numerous case illustrations and examples from live organizational settings. This monograph consists of 14 chapters and opens with an introduction to organizational behavior and how it is influenced by principles of human behavior. The three main subareas or schools of management thought are discussed, together with the difference between knowledge work and non-knowledge work; how research and theory contribute to an understanding of organizational behavior; and the distinction between structure and process. The following chapters explore how the meaning of work relates to work motivation, as well as the link between work motivation and job performance; behavioral aspects of decision making; stresses in managerial and professional life; and political maneuvering in organizations. Small group behavior, leadership styles, and interpersonal communications are also considered, along with intergroup conflict and organizational effectiveness. This book will be of interest to students, managers, and staff specialists, as well as behavioral scientists and management theorists.

The Leadership Challenge

Exploring Research Data Management

Facet Publishing Research Data Management (RDM) has become a professional topic of great importance internationally following changes in scholarship and government policies about the sharing of research data. Exploring Research Data Management provides an accessible introduction and guide to RDM with engaging tasks for the reader to follow and develop their knowledge. Starting by exploring the world of research and the importance and complexity of data in the research process, the book considers how a multi-professional support service can be created then examines the decisions that

need to be made in designing different types of research data service from local policy creation, training, through to creating a data repository. Coverage includes: A discussion of the drivers and barriers to RDM Institutional policy and making the case for Research Data Services Practical data management Data literacy and training researchers Ethics and research data services Case studies and practical advice from working in a Research Data Service. This book will be useful reading for librarians and other support professionals who are interested in learning more about RDM and developing Research Data Services in their own institution. It will also be of value to students on librarianship, archives, and information management courses studying topics such as RDM, digital curation, data literacies and open science.

Developing Leadership Abilities

Prentice Hall "What kind of leader am I? What kind of leader will I become?" Developing Leadership Abilities, Second Edition was written to help college students get on the fast track to becoming a leader. Providing dozens of practical examples, the book moves quickly while giving an organized, readable, and logical analysis of leadership. The book offers the following pedagogical tools to help students reach their own leadership potential: v Insights Boxes -throughout the chapters ensure that key points stand out. v Your Turn features -give frequent opportunities to record personal experiences, insights, impressions, and questions. v Meet a Leader-- Introduces the reader successful leaders college and career environments. v Personal Leadership Plan --Helps students hone their skills in the leadership realm. v Assess Your Approach to Leadership -This brief exercise gives students an opportunity for self-reflection and a mirror on how their own background will affect their leadership qualities. v Summary -Located at the end of each chapter, reinforces the key points. The book is brief enough to keep student interest and is based on solid empirical data. The book's conversational and interactive format answers the questions: what makes a leader, what do leaders do, and how do leaders overcome problems?

Personal Magnetism

Discover Your Own Charisma and Learn to Charm, Inspire, and Influence Others

AMACOM/American Management Association You don't have to be the most talented, highly educated, or best looking person to be successful. Written by a respected expert, this unique book unlocks a person's charismatic qualities and shows how to nurture and use those qualities for professional and personal gain.

Proxy Warfare

John Wiley & Sons Proxy wars represent a perennial strand in the history of conflict. The appeal of 'warfare on the cheap' has proved an irresistible strategic allure for nations through the centuries. However, proxy wars remain a missing link in contemporary war and security studies. In this timely book Andrew Mumford sheds new light on the dynamics and lineage of proxy warfare from the Cold War to the War on Terror, whilst developing a cogent conceptual framework to explain their appeal. Tracing the political and strategic development of proxy wars throughout the last century, they emerge as a dominant characteristic of contemporary conflict. The book ably shows how proxy interventions often prolong existing conflicts given the perpetuity of arms, money and sometimes proxy fighters sponsored by third party donors. Furthermore, it emphasizes why, given the direction of the War on Terror, the rise of China as a global power, and the prominence now achieved by non-state actors in the 'Arab Spring', the phenomenon of proxy warfare is increasingly relevant to understandings of contemporary security. Proxy Warfare is an indispensable guide for students and scholars interested in the evolution and potential future direction of war and conflict in the modern world.
