A découvrir, dès maintenant, pour comprendre cet Univers fascinant des énergies subtiles qui transformera certainement rapidement votre vision des choses... EXTRAIT Nous sommes entourés d'un champ d'énergie magnétique, telle une empreinte énergétique, qui se nomme l'Aura. Depuis l'origine des temps, ce champ magnétique est perçu, par tous, sous forme de rayonnement plus ou moins lumineux, détecté comme des couleurs qui entourent ou émanent du corps physique. Aujourd'hui, avec l'arrivée progressive de l'Ere du Verseau, la pratique de la lecture de l'Aura passe elle aussi du mode de perception bidimensionnel (2D) au mode de perception tridimensionnel (3D+). Certains distinguent deux types d'Aura : L'Aura « Spirituelle ou Surnaturelle » celle des mystiques de toutes cultures, des maîtres initiés, des saints auréolés, des anges, des dévas de la nature (fées, gnomes, elfes, etc.) ou autres, souvent décrite comme étant de couleur bleu électrique ou blanc doré, autour de la tête principalement, et du corps, avec une attention spéciale au cœur et aux mains. L'Aura « Scientifique ou Physique », entourant les animaux, les végétaux, les arbres, les minéraux, les cristaux, les humains. Celle-ci est perçue de diverses couleurs auxquelles on attribue une signification qui varie selon l'interprète. À PROPOS DE L'AUTEUR Jean-Claude Sellie - Guérisseur-Magnétiseur depuis 2005, j'effectue avec passion des soins à distance pour atténuer les douleurs, les maladies ou, encore, rétablir les énergies positives dans l'organisme. Grâce au magnétisme soutenu dont je dispose depuis ma naissance, mes traitements s'adressent aussi bien aux personnes qu'aux animaux. A l'aide de mes forts ressentis, je suis en mesure de déterminer précisément les soins nécessaires pour chacun. Suite à de nombreuses expériences et observations, j'ai décidé de transmettre les connaissances utiles pour le quotidien de chacun dans la publication Secrets des Energies Subtiles. Des explications inédites et simples vous permettront de comprendre et d'avoir facilement accès à ces magnifiques énergies subtiles qui nous entourent.

Hachette UK THE INTERNATIONAL BESTSELLER The complete history of the world, from the beginning of time to the present day, based on the beliefs and writings of the secret societies. A HISTORY OF THE FRENCH IN LONDON

LIBERTY, EQUALITY, OPPORTUNITY

This book examines, for the first time, the history of the social, cultural, political and economic presence of the French in London, and explores the multiple ways in which this presence has contributed to the life of the city. The capital has often provided a place of refuge, from the Huguenots in the 17th century, through the period of the French Revolution, to various exile communities during the 19th century, and on to the Free French in the Second World War. It also considers the generation of French citizens who settled in post-war London, and goes on to provide insights into the contemporary French presence by assessing the motives and lives of French people seeking new opportunities in the late 20th and early 21st centuries. It analyses the impact that the French have had historically, and continue to have, on London life in the arts, gastronomy, business, industry and education, manifest in diverse places and institutions from the religious to the political via the educational, to the commercial and creative industries.

A GENERAL INTRODUCTION TO PSYCHOANALYSIS

Psychoanalysis was never just a method of treatment, rather a vision of the human condition which has continued to fascinate and provoke long after the death of its originator. Its central hypothesis, that we live in conflict with ourselves and seek to resolve matters by turning away from reality, did not emerge from experimental science but from self-examination and the unique opportunities for observation presented by the psychoanalytic technique - in particular, from the confessions produced by 'free-association' in Freud's consulting room. Written during the turmoil of the First World War, *A General Introduction to Psychoanalysis* was distilled from a series of lectures given at Vienna University, but had to wait for the war to end before being made available to the English speaking world.

REWRITING 'LES MYSTÈRES DE PARIS'

THE 'MYSTÈRES URBAINS' AND THE PALIMPSEST

Routledge Key works of popular fiction are often rewritten to capitalize on their success. But what are the implications of this rewriting process? Such is the question addressed by this detailed study of several rewritings of Eugène Sue's *Mystères de Paris* (1842-43), produced in the latter half of the nineteenth century, in response to the phenomenal success of Sue's archetypal urban mystery. Pursuing a compelling analogy between city and text, and exploring the resonance of the palimpsest trope to both, Amy Wigelsworth argues that the *mystères urbains* are exemplary rewritings, which shed new light on contemporary reading and writing practices, and emerge as early avatars of a genre still widely consumed and enjoyed in the 21st century.

OSHO ZEN TAROT

THE TRANSCENDENTAL GAME OF ZEN

Macmillan Osho Zen Tarot, from the #1 bestselling mystic and spiritual author Osho! When life seems to be full of doubt and uncertainty we tend to look for a source of inspiration: what will happen in the future? What about my health, the children? What will happen if I make this decision and not that one? This is how the traditional tarot is often used, to satisfy a longing to know about the past and future. The Osho Zen Tarot focuses instead on gaining an understanding of the here and now. It is a system based on the wisdom of Zen, a wisdom that says events in the outer world simply reflect in the outer world simply reflect our own thoughts and feelings, even though we ourselves might be unclear about what those thoughts and feelings are. So it helps us to turn our attention away from outside events so we can find a new clarity of understanding in our innermost hearts. The conditions and states of mind portrayed by the contemporary images on the cards are all shown as being essentially transitional and transformative. The text in the accompanying book helps to interpret and understand the images in the simple, straightforward and down to earth language of Zen.

NECRONOMICON

THE BEST WEIRD TALES OF H.P. LOVECRAFT

Hachette UK WIKIPEDIA says: 'H.P. Lovecraft's reputation has grown tremendously over the decades, and he is now commonly regarded as one of the most important horror writers of the 20th century, exerting an influence that is widespread, though often indirect.' His tales of the tentacled Elder God Cthulhu and his pantheon of alien deities were initially written for the pulp magazines of the 1920s and '30s. These astonishing tales blend elements of horror, science fiction and cosmic terror that are as powerful today as they were when they were first published. THE NECRONOMICON collects together the very best of Lovecraft's tales of terror, including the complete Cthulhu Mythos cycle, just the way they were originally published. It will introduce a whole new generation of readers to Lovecraft's fiction, as well as being a must-buy for those fans who want all his work in a single, definitive volume.

FORGING URBAN SOLIDARITIES

OTTOMAN ALEPPO 1640-1700

BRILL As with most empires of the Early Modern period (1500-1800), the Ottomans mobilized human and material resources for warmaking on a scale that was vast and unprecedented. The present volume examines the direct and indirect effects of warmaking on Aleppo, an important Ottoman administrative center and Levantine trading city, as the empire engaged in multiple conflicts, including wars with Venice (1644-69), Poland (1672-76) and the Hapsburg Empire (1663-64, 1683-99). Focusing on urban institutions such as residential quarters, military garrisons, and guilds, and using intensively the records of local law courts, the study explores how the routinization of direct imperial taxes and the assimilation of soldiers to civilian life challenged and reshaped the city's social and political order.

THE BODY AND ITS SYMBOLISM

A KABBALISTIC APPROACH

Quest Books This intricate and profound exploration of Kabbalistic symbolism as applied to the human body is a classic in French esoteric circles. It is the life work of psychotherapist Annick de Souzenelle, whose tremendous depth of thought has been partially inspired by the depth psychology of C. G. Jung. De Souzenelle incorporates the symbolism of the Hebrew language with biblical references and her understanding of Kabbalistic spirituality to present the Kabbalistic tree of life as a pattern of the human body in all its various parts and vital organs, from the bottom of the feet to the top of the head. Not only is hers an important work in the field, it also affords some flavor of the rich French esoteric tradition. The Body and Its Symbolism will be sought after by advanced students of the Western esoteric traditions, especially Kabbalah.
