In such poems as 'Ode to My Sister', 'Ode of Broken Loyalty', 'Ode to My Whiteness', 'Blow Job Ode', 'Ode to the Last 38 Trees in New York City Visible from This Window', Olds treats us to an intimate self-examination that, like all her work, is universal and by turns searing and charming in its honesty. From the early bodily joys and sorrows of her girlhood to the recent deaths of those dearest to her – the 'Sheffield Mountain Ode' for Galway Kinnell is one of the most stunning pieces here – Olds shapes her world in language that is startlingly fresh, profound in its conclusions, and life-giving for the reader.* **Appity Slap Erika Blanchard 21st Century Interiors Images Publishing** *More than 50 examples of the world's best contemporary commercial interior design.* **Grandad Mandela Lincoln Children's Books** *"...profoundly moving..." -Publishers Weekly Nelson Mandela's two great-grandchildren ask their grandmother, Mandela's youngest daughter, 15 questions about their grandad – the global icon of peace and forgiveness who spent 27 years in prison. They learn that he was a freedom fighter who put down his weapons for the sake of peace, and who then became the President of South Africa and a Nobel Peace Prize-winner, and realise that they can continue his legacy in the world today. Seen through a child's perspective, and authored jointly by Nelson Mandela's great-grandchildren and daughter, this amazing story is told as never before to celebrate what would have been Nelson's Mandela 100th birthday.* **The Coming of the Fairies Library of Alexandria** *This book contains reproductions of the famous Cottingley photographs, and gives the whole of the evidence in connection with them. The diligent reader is in almost as good a position as I am to form a judgment upon the authenticity of the pictures. This narrative is not a special plea for that authenticity, but is simply a collection of facts the inferences from which may be accepted or rejected as the reader may think fit. I would warn the critic, however, not to be led away by the sophistry that because some professional trickster, apt at the game of deception, can produce a somewhat similar effect, therefore the originals were produced in the same way. There are few realities which cannot be imitated, and the ancient argument that because conjurers on their own prepared plates or stages can produce certain results, therefore similar results obtained by untrained people under natural conditions are also false, is surely discounted by the intelligent public. I would add that this whole subject of the objective existence of a subhuman form of life has nothing to do with the larger and far more vital question of spiritualism. I should be sorry if my arguments in favour of the latter should be in any way weakened by my exposition of this very strange episode, which has really no bearing upon the continued existence of the individual.* **Junior Theory Level 1 Junior Theory Level 1** - a foundational music theory book specifically designed for children aged 4-7. **Bank Interior Beans 20 Ways America's Test Kitchen** *Humble beans are the true MVPs of the kitchen. Rumored to be the site of Troy, captured during the crusades and recaptured by Saladin, visited by Tolstoy, Hitler, Grace Kelly, and Princess Diana, this Mediterranean city-state is home to several architectural marvels and an annual rooftop race that is a feat of athleticism and insanity. As Jan Morris guides us through the corridors and quarters of Hav, we hear the mingling of Italian, Russian, and Arabic in its markets, delight in its famous snow raspberries, and meet the denizens of its casinos and cafés. When Morris published Last Letters from Hav in 1985, it was short-listed for the Booker Prize. Here it is joined by Hav of the Myrmidons, a sequel that brings the story up-to-date. Twenty-first-century Hav is nearly unrecognizable. Sanitized and monetized, it is ruled by a group of fanatics who have rewritten its history to reflect their own blinkered view of the past. Morris's only novel is dazzlingly sui-generis, part erudite travel memoir, part speculative fiction, part cautionary political tale. It transports the reader to an extraordinary place that never was, but could well be.* **After**

Come along on her adventures!" Little Ree trades in her city days for a country way of life when she moves with her family to her grandparents' ranch. She's excited to ride horses, swim in the pond, and help Grandma cook for everyone. But on her first day, she finds that living on a ranch can be tough. She has to get up at the crack of dawn, learn to herd cows, and make sure her horse, Pepper, doesn't eat everything in sight. And that's all before breakfast! Will she ever get used to this new place? Luckily, the end of the day brings a big family barbecue...and the happy discovery that being a country girl isn't about the right pair of boots, it's all about the right attitude.
