REFUGEES OF THE FRENCH REVOLUTION

ÉMIGRÉS IN LONDON, 1789-1802

Springer Kirsty Carpenter puts a human face on the victims of revolutionary legislation. London had the largest community of émigrés. It had the most evolved social structure and was the most politically-active community. It was in London that two cultures came face-to-face with their prejudices and were forced to confront them.

VILLAGE POLITICS

WITH, THE SHEPHERD OF SALISBURY PLAIN

"The enormous working-class sale of Paine's Rights of man Part I was met on the right both by censorship and by the promotion of popular literature dedicated to political stability. Village politics urges the working man: 'study to be quiet, work with your hands, and mind your own business'. The Cheap repository tracts, which began to appear two years later, had similar aims but in the framework of religious renewal. The shepherd of Salisbury Plain, celebrating piety, poverty and simplicity, was one of the most popular; first published in 1795, it is here reproduced in a more legible text of the 1820s."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc.
