After reading the manuscript, those starry nights when my mom would recite this poem to us children, came back to mind. I never tired of listening to it as the poem always enchanted me. It is with great honor that now, after many years, I present to this generation a timeless poem. I humbly portray these sweet words with my art, hoping to inspire tenderness in the souls of the youngsters and bring them beautiful dreams in these starry nights. This poem, so dear to me, it is now for you. "The Moon" by Mamma Maria My children dear, come close, come near. This fascinating work of original scholarship makes the precise and detailed argument that painted illustrations of the Trojan War, both public and private, were a collective visual resource for selected works of Virgil, Horace, and Propertius. Carefully researched and skillfully reasoned, the author's claims are bold and innovative, offering a strong interpretation of the relationship between Roman visual culture and literature that will deepen modern readings of Augustan poets. The Museum of Augustus first provides a comprehensive reconstruction of paintings from the remaining fragments of the cycle of Trojan frescoes that once decorated the Temple of Apollo in Pompeii. It then finds the echoes of these paintings in the Augustan-dated Portico of Philippus, now destroyed, which was itself a renovation of Rome's de facto temple of the Muses—in other words, a museum, both in displaying art and offering a meeting place for poets. It next examines the responses of the Augustan poets to the decorative program of this monument that was intimately connected with their own literary aspirations. The book concludes by looking at the way Horace in the Odes and Virgil in the Georgics both conceptualized their poetic projects as temples to rival the museum of Augustus. **Cool Kids Speak German Enjoyable Worksheets, Word Searches and Colouring Pages in German for Children of All Ages** CreateSpace Independent Publishing Platform **Cool Kids Speak German** has been written with primary school aged children in mind by a qualified and experienced foreign languages teacher. The Christians and the Roman Empire The Christians and the Roman Empire overturns the myth of an unrelenting persecution of the subversive, Christian "outlaw." Using contemporary sources and authentic documents --including imperial edicts and records of the deeds of non-legendary martyrs--Marta Sordi shows that the conflict was primarily religious and almost never political. The Christians actually continued to profess their loyalty to the Roman Empire during the periods of persecution, and the Empire, which almost never thought of the Christians as a threat to security, often found itself acting simply as the secular arm of religious authorities during these periods of social and cultural intolerance. Italian Picture Word Book Courier Corporation Italian nouns are keyed to lively pictures of familiar everyday situations and scenes. Unstoppable Unstoppable is a word defined as "difficult or impossible to preclude or stop." As a human quality, it is something that we associate with people such as sports superstars, those who do whatever it takes to inspire others and lead teams to the greatest of victories. Sometimes, an idea or person can become unstoppable. Unstoppable, like Charles Lindbergh crossing the Atlantic in a solo flight when no one had thought it was possible, or track star Roger Bannister breaking the four-minute mile barrier. Not everyone can be an explorer or a great athlete, but anyone can be unstoppable in their chosen endeavors in life. If you are willing to possess an unwavering determination to succeed and a consistent willingness to learn and evolve, you can become unstoppable and triumph too. This book is about a personal struggle, one in which the author awoke from a coma after a terrible accident and faced a life of permanent paralysis. A long battle of driven determination resulted in Yanni Raz regaining his health and becoming a self-made millionaire after migrating from his native Israel to the United States. Through careers as a musician, a Starbucks barista, a salesman, a real estate whiz, a professional poker player and a hard money lender, Yanni learned reliable principles and the skills necessary for success. Unstoppable covers many topics including controlling your life, making the best decisions, creating new opportunities, properly assessing signals, expertly negotiating, and succeeding by storytelling across the media landscape. You'll learn about integrity in business, asset diversification, and many other life tips that thousands of people learn from Yanni on a daily basis. It is time to become fearless and lead a powerful life. With Yanni's new book Unstoppable, you can do just that. Architectural Restoration and Heritage in Imperial Rome Oxford University Press, USA This volume addresses how historic buildings were treated in Imperial Rome, examining the way in which the ancients restored the monuments they inherited from earlier generations, in order to develop an understanding of the Roman concept of built heritage. In the first and second centuries AD, a series of fires devastated large parts of the city; this study charts how the appearance of its buildings physically developed when they were subsequently rebuilt, paying attention to what features were retained or changed. It also examines the way in which inhabitants of the city responded to these changes, as revealed through literary accounts from the period.
