PLAYING BY THE RULES

A PHILOSOPHICAL EXAMINATION OF RULE-BASED DECISION-MAKING IN LAW AND IN LIFE

Clarendon Press This is a philosophical but non-technical analysis of the very idea of a rule. Although focused somewhat on the role of rules in the legal system, it is also relevant to the place of rules in morality, religion, etiquette, games, language, and family governance. In both explaining the idea of a rule and making the case for taking rules seriously, the book is a departure both in scope and in perspective from anything that now exists.

CFPB SUPERVISION AND EXAMINATION MANUAL

Createspace Independent Publishing Platform Part 2 of 2 Today we are releasing Version 2 of the CFPB Supervision and Examination Manual, the guide our examiners use in overseeing companies that provide consumer financial products and services. Our manual, originally released in October 2011, describes how the CFPB supervises and examines these providers and gives our examiners direction on how to determine if companies are complying with consumer financial protection laws. We updated the supervision manual to reflect the renumbering of the consumer financial protection regulations for which the CFPB is responsible. The numbering conventions in the Code of Federal Regulations (CFR) allow the reader to easily identify which regulations fall under a particular agency's responsibility. The renumbering incorporated throughout the manual reflects the Dodd-Frank Act of 2010 transfer of rulemaking responsibility for many consumer financial protection regulations from other Federal agencies to the CFPB. In December 2011, the CFPB published its renumbered regulations in the Federal Register. The renumbered regulations also included certain technical changes but no substantive changes. The CFPB's renumbering reflects the codification of its regulations in Title 12 (Banks and Banking), Chapter X (Bureau of Consumer Financial Protection) of the CFR. For example, before July 21, 2011, the Federal Reserve had rulemaking authority for the Home Mortgage Disclosure Act, which was codified in Title 12, Chapter II (Federal Reserve System), Part 203. The CFPB's implementing regulation for the Home Mortgage Disclosure Act is now codified in Title 12, Chapter X, Part 1003.

THE U.S. BANKING SYSTEM

LAWS, REGULATIONS, AND RISK MANAGEMENT

Palgrave Macmillan The U.S. banking system differs from many countries both in the range of services supplied and the complexity of operations. Meanwhile, the U.S. financial markets have become the attraction of worldwide investors. This book explains the three key aspects of the industry: the laws governing the banking institutions, the regulations thereof, and their economics and financial statements in a manner not covered by any competitive publications, of interest to both professionals and scholars who want to better grasp this industry. Auditing a bank and/or liquidating a bank require a set of rules not always well understood. The book provides such an overview.
