ROGERIAN PERSPECTIVES

COLLABORATIVE RHETORIC FOR ORAL AND WRITTEN COMMUNICATION

Greenwood Publishing Group Advancing the application of Carl Rogers' ideas, this book presents new theoretical and practical views of Rogerian influences on rhetorical theory, the teaching of writing, and pragmatic discourse. Practically, the contributors focus on the dynamics of Rogerian communication in real-world contexts, extending Rogers' person-centered principles into classroom interactions, peer response groups, and other collaborations. Theoretically, discussions situate Rogerian principles within the contexts of persuasive and dialogical rhetoric, and of psychoanalytic and philosophical intersubjectivity. Also included are transcripts of an interview with Rogers, and a forum discussion epitomizing Rogerian principles in action.

A+ GUIDE TO PERSUASIVE ESSAYS

Four-Ply Publishing Persuasive essays, also called written arguments, are among the most common writing assignments and are used across the curriculum. Yet, despite their common use, many students struggle with the basics of creating a compelling, persuasive argument. Focusing on the four keys to persuasive writing, this booklet uses a step-by-step method to start with an assignment and end with a final draft. By following the clear examples and relying on the included templates, the writer will

be able to generate a solid piece of persuasive writing on any topic. Table of Contents: How to Use This Booklet A Special Note about Rogerian Argument Step One: Understand the Assignment Step Two: The Working Outline Step Three: The Thesis Statement Checklist: Eight Things That Can Change Your Grade Step Four: The Introductory Paragraph Step Five: Body Paragraphs Checklist: How to Test Paragraph Organization and Development Step Six: Counter-Arguments Step Seven: Refutations Step Eight: The Conclusion Paragraph Step Nine: The Final Draft The First Layer: Revising Out Loud The Second Layer: Sentence Triage The Third Layer: "Find" Searches Fourth Layer: The Fine Points

A+ GUIDE TO THE FRESHMAN FIVE: BOXED SET

Four-Ply Publishing The first year of college can be challenging for many reasons. The classes are harder, the schedule is more demanding, and you will be expected to manage everything on your own, perhaps for the first time in your life. And the papers! You have to write so many papers! But there is help available for the papers, at least. The Freshman Five Boxed Set contains the five Alison Plus Guides to Writing for the five types of papers most college freshmen will have to write: five-paragraph essays, short answer essays, compare and contrast essays, persuasive essays, and narrative essays. Each assignment type has different challenges and goals, but now one collection makes all five writing guides available in one boxed set. Here are each of the five writing guides contained in this boxed set. Book One: A+ Guide to Five-Paragraph Essays Book Two: Short Answer Essays Book Three: Compare and Contrast Essays Book Four: Persuasive Essays Book Five: Narrative Essays

CROSS CURRENTS: CULTURES, COMMUNITIES, TECHNOLOGIES

Cengage Learning CROSSCURRENTS: CULTURES, COMMUNITIES, TECHNOLOGIES is a combined print and online text/webtext designed to provide readings and activities that allow students not only to critically examine mass culture and the media that circulates it but also to engage rhetorically with electronic communication, presentation, and web-authoring and digital imaging technologies. CROSSCURRENTS is available as a full-color printed text and as an electronic text with additional links to YouTube and websites chosen by the authors to extend the conversation and learning experience. CROSSCURRENTS represents the first in a new generation of texts that doesn't make instructors choose between teaching traditional rhetorical concerns and helping students develop as writers and readers of electronic media. PERSPECTIVES ON ARGUMENT

Pearson College Division This combination rhetoric/reader helps students develop strategies for critical reading, critical thinking, research, and writing that will help them argue clearly and convincingly. It teaches them to identify and develop arguments, to read and form reactions and opinions of their own, to analyze an audience, to seek common ground, and to use a wide, realistic range of techniques to write argument papers that express their individual views and original

perspectives on modern issues. The Rhetoric portion includes clear explanations and examples of argument theory and reading and writing processes, research and documentation skills, and offers engaging, class-tested writing assignments and activities. The Reader portion includes 75 reading selections covering seven broad issue areas and 18 more focused areas, all of contemporary concern. Unique chapters discuss student argument styles, Rogerian argument, and argument and literature.

WRITING ARGUMENTATIVE ESSAYS

This argumentative rhetoric covers the many forms of argument, includes illustrations, and concludes with coverage of the research process, it does not include the reader/casebook from its parent text, Perspectives on Argument, 2/e.

WRITING THAT MATTERS

A RHETORIC FOR THE NEW CLASSROOM

Exceptionally easy to read and use, this compact composition/rhetoric "empowers" readers to become writers right from the beginning. Its relaxed and conversational tone immediately sets up a collaborative dialogue between the book and the reader; innovative "workshop/conference-style" samples show writers essays-in-progress and the possibilities of revision and rewriting; and a mix of traditional and innovative writing projects provide readers the freedom to write about things within their own interest range. Throughout, readers are given product-centered goals to reach (an issue paper, a proposal, etc.), but are asked to work on their writing in a very process-centered way (pre-writing, writing, post-writing, etc.) Focuses on seven types of essay -- covering each individually, in depth, in its own chapter -- and featuring a mix of traditional and innovative writing projects -- The Personal Essay (narrative), The Observation Essay, The Evaluation Essay, The Problem/Solution Essay ("call to action"), The Research Essay (including an innovative "series of steps" approach to the often daunting research process), The Issue Paper -- (a creative style of argument paper or Rogerian essay) The Creed Essay -- (that encourages writers to examine their moral decision making process). Features workshop/conference-style writing samples and explores each paragraph-by-paragraph to provide an "inside" look at how essays are "built" and how "ok" essays become "great" essays. Offers a primer on Internet Tools and researching on the Internet and lists 50 Hot Links to WWW sites on composition and writing. THEORETICAL NURSING

DEVELOPMENT AND PROGRESS

Lippincott Williams & Wilkins "An additional assumption was that the processes for theory development were new to nursing and hence, nurses in graduate programs learned strategies for advancing knowledge from other disciplines. This assumption was debunked with the knowledge that nurses were always engaged in knowledge development, driven by their experiences in clinical practice. Because of these assumptions, most of the early writing about theory development was about outlining strategies that should be used, rather than strategies that have already been used in the discipline to develop theories. Theorists themselves did not uncover or adequately discuss ways by which they developed their theories, therefore the tendency was to describe processes that were based on theories developed in other disciplines, mainly the physical and social sciences. And an implicit assumption was made that there should be a single strategy for theory development, some claiming to begin the process from practice, and others believing it should be driven by research"--Provided by publisher.

CONTEMPORARY COMPOSITION STUDIES

A GUIDE TO THEORISTS AND TERMS

Greenwood Publishing Group Composition studies is a rapidly growing and constantly changing field. At present, however, graduate students and writing teachers have little choice of current reference works that define key terms in the field and provide information about the scholars and researchers who have shaped and are shaping the discipline. This volume provides alphabetically arranged entries for 108 scholars and 128 terms and concepts central to composition studies. The entries for individuals chronicle the history of their contributions to the field, while the entries for terms record term development over time. The book includes generous bibliographical information and an appendix of scholars from other disciplines who have contributed to composition studies.

ADVANCES IN ARTIFICIAL INTELLIGENCE AND ITS APPLICATIONS

12TH MEXICAN INTERNATIONAL CONFERENCE, MICAI 2013, MEXICO CITY, MEXICO, NOVEMBER 24-30, 2013, PROCEEDINGS, PART I

Springer The two-volume set LNAI 8265 and LNAI 8266 constitutes the proceedings of the 12th Mexican International Conference on Artificial Intelligence, MICAI 2013, held in Mexico City, Mexico, in November 2013. The total of 85 papers presented in these proceedings were carefully reviewed and selected from 284 submissions. The

first volume deals with advances in artificial intelligence and its applications and is structured in the following five sections: logic and reasoning; knowledge-based systems and multi-agent systems; natural language processing; machine translation; and bioinformatics and medical applications. The second volume deals with advances in soft computing and its applications and is structured in the following eight sections: evolutionary and nature-inspired metaheuristic algorithms; neural networks and hybrid intelligent systems; fuzzy systems; machine learning and pattern recognition; data mining; computer vision and image processing; robotics, planning and scheduling and emotion detection, sentiment analysis and opinion mining.

THE ARGUMENT HANDBOOK

Broadview Press The Argument Handbook is a classroom text for first-year composition that is designed to help students understand complex rhetorical situations and navigate the process of transforming private thoughts into persuasive, public writing. The book is organized around three key lenses of argumentation that help students focus on the practical challenges of persuasive writing: invention, audience, and authority. Its modular organization makes it easier for students to find what they need and easier for instructors to assign the content that fits their course.

THE PURPOSEFUL ARGUMENT: A PRACTICAL GUIDE

Cengage Learning Emphasizing the practical and the local, THE PURPOSEFUL ARGUMENT: A PRACTICAL GUIDE, 2E effectively brings argument into real life with community-based writing activities, illustrating that the tools and skills of argument are critical to success now-and well beyond. With a focus on accessibility, the text encourages students to argue in response to issues in a variety of environments- school, workplace, family, neighborhood, social-cultural, consumer, and concerned citizen-and learn how argument can become an essential negotiating skill in everyday life. It offers thorough treatments of Toulmin-based and Rogerian approaches to argument as well as teaches the value of fully understanding the opposition, the importance of aiming for the middle ground, and how to use a microhistory to forge an unconventional position. The only introduction to argument written with the today's diverse student body in mind, THE PURPOSEFUL ARGUMENT uses vivid explanations, detailed examples, and practical exercises to guide students step by step through the process of building an effective argument. In addition, a rich anthology of arguments covers a wide range of today's leading issues. BEYOND THE FRONTIER

INNOVATIONS IN FIRST-YEAR COMPOSITION

Cambridge Scholars Publishing *Beyond the Frontier: Innovations in First-Year Composition* is a compilation of the latest research in first-year composition presented at, and inspired by, the Rocky Mountain Modern Language Association's "Beyond the Frontier" panels. The book is divided similarly into panels, with the editors having collected a sampling of the composition practices that will stand the test of time. The purpose of the book is to present the reader with innovative methods and techniques for incorporation into the first-year composition classroom, or simply to provide food for thought – passing the torch, as it were – so that new research can be conducted and new findings disseminated. The division of the book mimics the panels one would typically find on a particular day during the Rocky Mountain Modern Language Association Conference, providing the reader with a taste of what it's like to be in the room with first-year composition scholars.

READING LITERATURE AND WRITING ARGUMENT

Prentice Hall 0-13-189109-X, 8910V-1, Missy James, *Reading Literature and Writing Argument, 2e* //--> Based on the premise that literature liberates thinking, and argument disciplines it. This anthology features a critical thinking, analytical approach that readers in turn will apply to their own thought and writing processes. It introduces and explains the tools of argument, and presents reading selections centered on four enduring themes-Individuality and Community, Nature and Place, Family and Identity, and Power and Responsibility. For those interested in literature, composition, and argumentative writing.

HANDBOOK OF CONVEX GEOMETRY

Elsevier Handbook of Convex Geometry, Volume B offers a survey of convex geometry and its many ramifications and connections with other fields of mathematics, including convexity, lattices, crystallography, and convex functions. The selection first offers information on the geometry of numbers, lattice points, and packing and covering with convex sets. Discussions focus on packing in non-Euclidean spaces, problems in the Euclidean plane, general convex bodies, computational complexity of lattice point problem, centrally symmetric convex bodies, reduction theory, and lattices and the space of lattices. The text then examines finite packing and covering and tilings, including plane tilings, monohedral tilings, bin packing, and sausage problems. The manuscript takes a look at valuations and dissections, geometric crystallography, convexity and differential geometry, and convex functions. Topics include differentiability, inequalities,

uniqueness theorems for convex hypersurfaces, mixed discriminants and mixed volumes, differential geometric characterization of convexity, reduction of quadratic forms, and finite groups of symmetry operations. The selection is a dependable source of data for mathematicians and researchers interested in convex geometry.

WPA, WRITING PROGRAM ADMINISTRATION

UNDOING THE SILENCE

SIX TOOLS FOR SOCIAL CHANGE WRITING

New Village Press Undoing the Silence offers guidance to help both citizens and professionals influence democratic process through letters, articles, reports and public testimony. Louise Dunlap, PhD, began her career as an activist writing instructor during the Free Speech Movement of the 1960s. She learned that listening and gaining a feel for audience are just as important to social transformation as the outspoken words of student leaders atop police cars. "Free speech is a first step, but real communication matches speech with listening and understanding. That is when thinking shifts and change happens." Dunlap felt compelled to go where the silences were deepest because her work aimed not just at teaching but also at healing both individual voices and an ailing collective voice. Her tales of those adventures and what she knows about the culture of silence -- how gender, race, education, class, and family work to quiet dissent -- are interwoven with practical methods for people to put their most challenging ideas into words. Louise Dunlap gives writing workshops around the country for universities and social justice, environmental, and peace organizations that help reluctant writers get past their internal censors to find their powerful voice. Her insight strengthens strategic thinking and her "You can do it!" approach makes social-action writing achievable for everyone.

A PERSON-CENTERED APPROACH AND THE ROGERIAN TRADITION

A HANDBOOK

Adam Quinn From the Book: "it is hypothesized that the therapist wants to understand for no other reason but to understand. If the therapist is motivated to understand solely to be a change agent for the client, then the facilitative mechanisms may not be sufficient because a tendency toward unconditional acceptance will not effectively emerge." "the published literature in the 1970s suggests that person-centered therapy (PCT) researchers, rather than pursuing novel avenues of empirical inquiry, devoted substantial time in defending PCT against - what now appear to be - unfounded claims made by a group of social scientists who held significant professional interest in seeing through the dismantling of the person-centered approach." Book Summary: This book is about a person-centered approach to counseling and psychotherapy as developed by the psychologist Carl Rogers (1902-1987) and his colleagues. In addition, this book is also intended to be a handbook on the person-centered approach and the Rogerian tradition for use in academic and non-academic settings alike. Each chapter is briefly summarized below. Chapter 1 ("A Person-Centered Approach and the Structure of Scientific

Revolutions") examines the trend of scientific inquiry in psychotherapy research, specifically focusing on events and changes that took place beginning in the 1970s and are argued to have substantially influenced the direction of psychotherapy research in the following decades. In particular, these changes are suggested to have been guided by the choices made by a small but influential group of behavior and psychoanalytic-oriented researchers, which arguably led to changes in the scientific methods used to investigate the effectiveness of psychotherapeutic treatments; and, as will be shown in this chapter, led to the decline and disappearance of Carl Rogers's person-centered approach. This chapter suggests that through a method of allegiance-guided scientific inquiry, the Rogerian tradition was systematically dismantled by a group of social scientists that held considerable professional interests to do so. Chapter 2 ("A Person-Centered Approach to Multicultural Counseling Competence") examines current and historical trends in psychotherapy research and practice with racial/ethnic minority populations. Using psychotherapy evidence from both the latter half of the 20th century and the initial decades of the 21st century, cultural adaptations to previously hypothesized person-centered therapy mechanisms of change are proposed. Chapter 3 ("A Person-Centered Approach to the Treatment of Borderline Personality Disorder") addresses psychotherapy with a person described as possessing a borderline personality disorder (BPD). In particular, a selection of mainstream approaches is reviewed to examine unique and universal aspects of current thinking about this treatment population. Following this review, an expanded analysis of person-centered therapy is offered, examining current research evidence and the mechanisms of change hypothesized to occur in the person-centered treatment of BPD. Chapter 4 ("A Person-Centered Approach to the Treatment of Combat Veterans with Posttraumatic Stress Disorder") examines posttraumatic stress disorder through the lens of military combat trauma that results in a breakdown of a combat veteran's sense of self and the world. In the effective treatment of combat-related posttraumatic stress disorder, a therapist must help the veteran reorganize the self-structure that has become incongruent with his or her precombat-trauma self following his or her return home from war. For the therapist to facilitate a veteran's becoming whole, he or she must be genuinely congruent in the relationship.

PERSPECTIVES ON ARGUMENT WITH APA GUIDELINES

Pearson College Division This combination rhetoric/reader helps readers develop strategies for critical reading, critical thinking, research, and writing that will help them argue clearly and convincingly in all types of argument. It shows how to identify and develop arguments, read and form reactions and opinions, analyze an audience, seek common ground, and use a wide, realistic range of techniques to write argument papers that express their individual views and original perspectives on modern issues. The Rhetoric portion includes clear explanations and examples of argument theory and reading and writing processes, research and documentation skills, and offers a variety of writing activities for developing the exploratory paper, position paper, researched position paper, and the Rogerian argument paper. Unique chapters discuss argument styles (including cross-gender and cross-cultural communication styles), Rogerian argument, and argument and literature. The Reader portion includes 75 reading selections covering seven broad issue areas and 18 sub-issues concerning families, education, crime and the treatment of criminals, computers, race and culture in America, genetic engineering, and social responsibility. Includes 3-7 essays for each sub-issue to provide different perspectives on the questions. The readings in each sub-issue group "talk" to each other, and questions invite readers to join the conversation. For anyone wanting to further develop their argumentative skills, especially in writing.

A UNIVERSAL TEMPLATE FOR RESEARCH POSITION AND LIFE EXPERIENCE PAPERS

APPLIED TO CONTEMPORARY URBAN EDUCATION

iUniverse The self-descriptive title, *A Universal Template For Research Position and Life Experience Papers*, implies that there is a position that writers take in even the simplest of essays. As such, *Template* provides an opportunity to accomplish two tasks at once: consider the definitive differences between Research, Position, and Experience papers, and explore the issues that impound and empower contemporary urban education. Dale Benjamin Drakeford provides an interactive workshop to guide student writing on any social science subject. Agreeing with many scholars that public and free pedagogy is indispensable, the author also argues that there is no wrong or right in scholastic debate, only correct presentation of objective thoughts or non-objective attitudes. This the author says, is what is sometimes forgotten in the heat of getting ideas on paper. Hence, *Template* provides structure for planning papers, and in-process cues for staying on task to complete them with proper formality.

COUNSELORS FINDING THEIR WAY

Amer Counseling Assn This volume collects all 54 of *Counseling Today's "Finding Your Way"* columns printed since 1997, plus a dozen new essays. The essays address the difficulties facing counselors, including cultural issues, disabilities, substance abuse, personal failure, the need to balance the demands of career and family, and the struggle to find one's own "voice." The contributors are themselves counselors, social workers, and scholars. c. Book News Inc.

READING AND WRITING FOR CIVIC LITERACY

THE CRITICAL CITIZEN'S GUIDE TO ARGUMENTATIVE RHETORIC

Routledge This brief edition of a groundbreaking textbook addresses the need for college students to develop critical reading, writing, and thinking skills for self-defense in the contentious arena of American civic rhetoric. Designed for first-year or

more advanced composition and critical thinking courses, it is one-third shorter than the original edition, more affordable for students, and easier for teachers to cover in a semester or quarter. It incorporates up-to-date new readings and analysis of controversies like the growing inequality of wealth in America and the debates in the 2008 presidential campaign, expressed in opposing viewpoints from the political left and right. Exercises help students understand the ideological positions and rhetorical patterns that underlie such opposing views. Widely debated issues of whether objectivity is possible and whether there is a liberal or conservative bias in news and entertainment media, as well as in education itself, are foregrounded as topics for rhetorical analysis.
