THE SRI LANKAN ECONOMY

CHARTING A NEW COURSE

Asian Development Bank This is a pivotal period in Sri Lanka's economic development. The end of conflict opens a door for accelerated economic growth and poverty reduction. Reform is needed to regain momentum because fiscal imbalances and rising public debt could jeopardize macroeconomic stability. The economy would benefit from significant trade and commercial policy reform. The labor market suffers from sluggish growth of formal sector employment and from skills mismatches, which can be addressed by changes in education policy and systems. The book analyzes these and related critical constraints on the Sri Lankan economy, and proposes a set of policy reforms that would lay the foundations for more rapid and inclusive development.

SRI LANKA AT THE CROSSROADS OF HISTORY

UCL Press The peoples of Sri Lanka have participated in far-flung trading networks, religious formations, and Asian and European empires for millennia. This interdisciplinary volume sets out to draw Sri Lanka into the field of Asian and Global History by showing how the latest wave of scholarship has explored the island as a 'crossroads', a place defined by its openness to movement across the Indian Ocean. Experts in the history, archaeology, literature and art of the island from c.500 BCE to c.1850 CE use Lankan material to explore a number of pressing scholarly debates. They address these matters from their varied disciplinary perspectives and diverse array of sources, critically assessing concepts such as ethnicity, cosmopolitanism and localisation, and elucidating the subtle ways in which the foreign may be resisted and embraced at the same time. The individual chapters, and the volume as a whole, are a welcome addition to the history and historiography of Sri Lanka, as well as studies of the Indian Ocean region, kingship, colonialism, imperialism, and early modernity.

DR KORCZAK'S EXAMPLE

Set in the final, numbered, days of an orphanage in the Warsaw ghetto in 1942, this play is based on real events. It's 'alienation' device of depicting its characters through the use of dolls, further enhances our painful feeling of powerlessness. Yet, in spite of its tragic outcome, it leaves us uplifted by the power of love.

BULLETIN OF THE ATOMIC SCIENTISTS

IMF, WORLD BANK & ADB AGENDA ON PRIVATISATION

SRI LANKA INSURANCE PRIVATISATION ANNULLED AS UNLAWFUL & ILLEGAL BY SUPREME COURT HANDLED BY PRICE WATER HOUSE COOPERS & ERNST & YOUNG, CHARTERED ACCOUNTANTS

Author House This shockingly explosive Book deals with the manipulative privatization of Sri Lanka Insurance, under a privatization program, pushed by IMF, World Bank and ADB; questionably mishandled by PricewaterhouseCoopers and Ernst & Young, contravening governmental procedures and professional standards; involving a consortium of leading corporates, controlled by one individual, portrayed as a close associate of former US President Bill Clinton. This dubious deal was annulled as wrongful, unlawful and illegal by the Supreme Court, the highest judiciary, observing that it 'shocked the conscience of Court', asserting that public assets are held in trust on behalf of the people. This Book exposes those holding elected and selected influential and powerful public office unabashedly compromising national and public interests, in the disposal of an invaluable national asset, at a ridiculous price, to parties, who had not even been pre-qualified, with one party incorporated in Gibraltar after the completion of the process, and whose source of funds channeled through a leading Bank remained a mystery. This Book appallingly reveals how pontificating professionals retrospectively manipulated the financials of Sri Lanka Insurance, facilitating a fraudulent demand for a refund from the Government. It reveals the unashamed condoning of fraud and corruption, and bestowing on corrupt miscreants even more recognition, shunning the 'rule of law'; and the absence of law enforcement; and the duplicitous stances of the Chamber of Commerce and the Institute of Chartered Accountants. This book is an 'eye opener' on socio-political realities, and is invaluable to those dealing with privatization, public finance and commerce, fraud and corruption, forensic accounting, and to legal academics and professionals, and public interest activists.

SRI LANKA EDUCATION SECTOR ASSESSMENT

ACHIEVEMENTS, CHALLENGES, AND POLICY OPTIONS

World Bank Publications A country's education system plays a pivotal role in promoting economic growth and shared prosperity. Sri Lanka has enjoyed high school-attainment and enrollment rates for several decades. However, it still faces major challenges in the education sector, and these challenges undermine the country's inclusive growth goal and its ambition to become a competitive upper-middle-income country. The authors of Sri Lanka Education Sector Assessment: Achievements, Challenges, and Policy Options offer a thorough review of Sri Lanka's education sector—from early childhood education through higher education. With this book, they attempt to answer three questions: • How is Sri Lanka's education system performing, especially with respect to participation rates, learning outcomes, and labor market outcomes? • How can the country address the challenges at each stage of the education process, taking into account both country and international experience and also best practices? • Which policy actions should Sri Lanka make a priority for the short and medium term? The authors identify the most critical constraints on performance and present strategic priorities and policy options to address them. To attain inclusive growth and become globally competitive, Sri Lanka needs to embark on integrated reforms across all levels of education. These reforms must address both short-term skill shortages and long-term productivity. As Sri Lanka moves up the development ladder, the priorities of primary, secondary, and postsecondary education must be aligned to meet the increasingly complex education and skill requirements.

THE CHALLENGE OF YOUTH EMPLOYMENT IN SRI LANKA

World Bank Publications Sri Lanka has long been regarded as a model of a successful welfare state in a low-income setting, yet it has not succeeded in creating a sufficient number of good jobs for the increasing number of young people. Hence, young Sri Lankans perceive their country as an unjust and unequal society, in which mainstream institutions have failed to address inequalities in the distribution of resources, as well as of benefits deriving from economic growth. Against this background, 'The Challenge of Youth Employment in Sri Lanka' aims to identify ways to improve the opportunities available to new job market entrants by addressing existing inequalities and to help young people more fully realize their potentials. Drawing from original research and a review of existing studies, the authors use the 4Es conceptual framework to analyze four key aspects of labor markets employment creation, employability, entrepreneurship, and equal opportunity identifying main issues and results, current trends, and possible new approaches.

F9 FINANCIAL MANAGEMENT - EXAM KIT

PEFA, PUBLIC FINANCIAL MANAGEMENT, AND GOOD GOVERNANCE

World Bank Publications This project, based on the Public Expenditure and Financial Accountability (PEFA) data set, researched how PEFA can be used to shape policy development in public financial management (PFM) and other major relevant policy areas such as anticorruption, revenue mobilization, political economy analysis, and fragile states. The report explores what shapes the PFM system in low- and middle-income countries by examining the relationship between political institutions and the quality of the PFM system. Although the report finds some evidence that multiple political parties in control of the legislature is associated with better PFM performance, the report finds the need to further refine and test the theories on the relationship between political institutions and PFM. The report addresses the question of the outcomes of PFM systems, distinguishing between fragile and nonfragile states. It finds that better PFM performance is associated with more reliable budgets in terms of expenditure composition in fragile states, but not aggregate budget credibility. Moreover, in contrast to existing studies, it finds no evidence that PFM quality matters for deficit and debt ratios, irrespective of whether a country is fragile or not. The report also explores the relationship between perceptions of corruption and PFM performance. It finds strong evidence of a relationship between better PFM performance and improvements in perceptions of corruption. It also finds that PFM reforms associated with better controls have a stronger relationship with improvements in perceptions of corruption compared to PFM reforms associated with more transparency. The last chapter looks at the relationship between PEFA indicators for revenue administration and domestic resource mobilization. It focuses on the credible use of penalties for noncompliance as a proxy for the type of political commitment required to improve tax performance. The analysis shows that countries that credibly enforce penalties for noncompliance collect more taxes on average.
