THE BOGLEHEADS' GUIDE TO INVESTING

John Wiley & Sons

THE BOGLEHEADS' GUIDE TO THE THREE-FUND PORTFOLIO

HOW A SIMPLE PORTFOLIO OF THREE TOTAL MARKET INDEX FUNDS OUTPERFORMS MOST INVESTORS WITH LESS RISK

John Wiley & Sons Twenty benefits from the three-fund total market index portfolio. The Bogleheads' Guide to The Three-Fund Portfolio describes the most popular portfolio on the Bogleheads forum. This all-indexed portfolio contains over 15,000 worldwide securities, in just three easily-managed funds, that has outperformed the vast majority of both professional and amateur investors. If you are a new investor, or an experienced investor who wants to simplify and improve your portfolio, The Bogleheads' Guide to The Three-Fund Portfolio is a short, easy-to-read guide to show you how.

THE BOGLEHEADS' GUIDE TO INVESTING

John Wiley & Sons The irreverent guide to investing, Boglehead style The Boglehead's Guide to Investing is a DIY handbook that espouses the sage investment wisdom of John C. Bogle. This witty and wonderful book offers contrarian advice that provides the first step on the road to investment success, illustrating how relying on typical "common sense" promoted by Wall Street is destined to leave you poorer. This updated edition includes new information on backdoor Roth IRAs and ETFs as mainstream buy and hold investments, estate taxes and gifting, plus changes to the laws regarding Traditional and Roth IRAs, and 401k and 403b retirement plans. With warnings and principles both precisely accurate and grandly counterintuitive, the Boglehead authors show how beating the market is a zero-sum game. Investing can be simple, but it's certainly not simplistic. Over the course of twenty years, the followers of John C. Bogle have evolved from a loose association of investors to a major force with the largest and most active non-commercial financial forum on the Internet. The Boglehead's Guide to Investing brings that communication to you with comprehensive guidance to the investment prowess on display at Bogleheads.org. You'll learn how to craft your own investment strategy using the Bogle-proven methods that have worked for thousands of investors, and how to: Choose a sound financial lifestyle and diversify your portfolio Start early, invest regularly, and know what you're buying Preserve your buying power, keeping costs and taxes low Throw out the "good" advice promoted by Wall Street that leads to investment failure Financial markets are essentially closed systems in which one's gain garners another's loss. Investors looking for a roadmap to successfully navigating these choppy

waters long-term will find expert guidance, sound advice, and a little irreverent humor in *The Boglehead's Guide to Investing*.

RETIREMENT INCOME REDESIGNED

MASTER PLANS FOR DISTRIBUTION -- AN ADVISER'S GUIDE FOR FUNDING BOOMERS' BEST YEARS

John Wiley & Sons Clients nearing retirement have some significant challenges to face. And so do their advisers. They can expect to live far longer after they retire. And the problems they expect their advisers to solve are far more complex. The traditional sources of retirement income may be shriveling, but boomers don't intend to downsize their plans. Instead, they're redefining what it means to be retired—as well as what they require of financial advisers. Planners who aren't prepared will be left behind. Those who are will step up to some lucrative and challenging work. To help get the work done, Harold Evensky and Deena Katz—both veteran problem solvers—have tapped the talents of a range of experts whose breakthrough thinking offers solutions to even the thorniest issues in retirement-income planning: Sustainable withdrawals Longevity risk Eliminating luck as a factor in planning Immediate annuities, reverse mortgages, and viatical and life settlements Strategies for increasing retirement cash flow In *Retirement Income Redefined*, the most-respected names in the industry discuss these issues and a range of others.

ENGINEERING YOUR RETIREMENT

RETIREMENT PLANNING FOR TECHNOLOGY PROFESSIONALS

John Wiley & Sons A practical retirement planning resource for engineers, scientists, and mathematicians In 1995, Dr. Mike Golio, an electrical engineer, became seriously interested in planning for early retirement. In 2003, at the age of 49, he and his wife achieved their goal of financial independence and retired. *Engineering Your Retirement* is an outgrowth of his research. Whether retirement is imminent or many years off, this valuable guide's straightforward, analytical approach to financial independence answers the critical questions to achieving successful, comfortable, and meaningful retirement. Written specifically for professionals in the engineering, science, and math fields, *Engineering Your Retirement* examines such important questions as: * How much money will I need to retire? * How long will it take for me to accumulate it? * What types of post-retirement activities are available to technical professionals? *Engineering Your Retirement* discusses financial independence from the unique cultural view of the technical professional and features many charts, graphs, analytical tools, and equations to help present the financial nuts-and-bolts of retiring in a logical and analytical manner. It offers practical, firsthand advice from an industry expert on: * Effectively budgeting for investments * Planning for health insurance * Choosing a retirement community * Building up a cash/bond ladder * Considering inflation * Portfolio requirements * Investment allocations * Paying off a mortgage * And much more!

THE POWER OF PASSIVE INVESTING

MORE WEALTH WITH LESS WORK

John Wiley & Sons A practical guide to passive investing Time and again, individual investors discover, all too late, that actively picking stocks is a loser's game. The alternative lies with index funds. This passive form of investing allows you to participate in the markets relatively cheaply while prospering all the more because the money saved on investment expenses stays in your pocket. In his latest book, investment expert Richard Ferri shows you how easy and accessible index investing is. Along the way, he highlights how successful you can be by using this passive approach to allocate funds to stocks, bonds, and other prudent asset classes. Addresses the advantages of index funds over portfolios that are actively managed Offers insights on index-based funds that provide exposure to designated broad markets and don't make bets on individual securities Ferri is also author of the Wiley title: *The ETF Book* and co-author of *The Bogleheads' Guide to Retirement Planning* If you're looking for a productive investment approach that won't take all of your time to implement, then *The Power of Passive Investing* is the book you need to read.

PLAN YOUR PROSPERITY

THE ONLY RETIREMENT GUIDE YOU'LL EVER NEED, STARTING NOW--WHETHER YOU'RE 22, 52 OR 82

John Wiley & Sons Whether you're in retirement, just getting ready to retire, or 5, 10, or 40 years out, this book can help you invest smarter your whole life and yes, plan better for retirement. Harmful mythology abounds about retirement investing. Many retirees or soon-to-be retirees have heard a plethora of advice. Take 100 (or 120) and subtract your age to get your equity allocation, put the rest in bonds or cash. Buy only bonds. Buy only high dividend stocks. Or some combination! Buy equity-indexed annuities or some "guaranteed" income product. All examples of a potentially harmful myth many folks believe to be smart, strategic moves. Investors believe preparing for retirement requires a radically different set of tools or a dizzying array of products. Navigating the world of retirement products and

services can be a full-time job. But investing for retirement is, in practice, not much (if at all) different from investing. In *Your Retirement Plan*, Ken Fisher will give readers a workable strategy to either develop their own retirement investing plan or work more successfully with a professional to increase the likelihood of achieving long-term goals while avoiding common pitfalls. The book will include easy-to-follow steps like How to think, correctly, about investing time horizon. How to better figure how much income you need How to determine if a portfolio can provide that income How to figure how much to save each year to achieve retirement goals What pitfalls to avoid And more. . . . In this retirement planning book that's not just for retirees, Fisher will hand readers the tools and confidence they need to better plan for the future.

CAN I RETIRE?

HOW MUCH MONEY YOU NEED TO RETIRE AND HOW TO MANAGE YOUR RETIREMENT SAVINGS, EXPLAINED IN 100 PAGES OR LESS

Find all of the following, explained in plain-English with no technical jargon: How to calculate how much you'll need saved before you can retire How to use annuities to minimize the risk of outliving your money How to choose which accounts (Roth vs. traditional IRA vs. taxable) to withdraw from each year When it makes sense to use a Roth IRA conversion to save on taxes How to choose an appropriate asset allocation for your retirement portfolio How to minimize taxes by proper use of an asset location strategy How to reliably pick winning mutual funds

THE BIG RETIREMENT RISK

RUNNING OUT OF MONEY BEFORE YOU RUN OUT OF TIME

Greenleaf Book Group Packed with the best strategies to manage wealth in retirement, this book helps readers live the life they have always envisioned - without risk of running out of money. It shows readers how to become informed, wise investors - avoiding common pitfalls, challenging the status quo, and refusing to take advice blindly.

HOW MUCH MONEY DO I NEED TO RETIRE?

UNCOMMON FINANCIAL PLANNING WISDOM FOR A STRESS-FREE RETIREMENT

Financialmentor.com Learn how retirement really works before it's too late... "This book is the best I've seen on how to navigate the retirement savings question." (Forbes) Most so-called "experts" plug your numbers into a retirement formula to tell you how much money you need to retire. Unfortunately, the conventional approach is fundamentally flawed. If you fail to learn how retirement savings truly works, then you'll either underspend and be miserable or overspend and run out of money. *How Much Money Do I Need to Retire* takes you beyond the scientific facade of modern retirement planning. Author and former hedge fund manager Todd R. Tresidder has helped thousands of people find financial freedom through his website and podcast. Now you too can use his advice to take the guesswork out of your retirement planning. In this book, you'll learn: Why the best way to describe most retirement estimates is garbage-in/garbage-out The five critical assumptions that can destroy your financial security How to reduce the amount you need to retire by as much as \$600,000 Three strategies to maximize spending today while protecting for the future How to calculate the amount of money you really need to retire on the first try without software, online calculators, or being a math genius Read this book to know more about your retirement planning than your financial adviser. Tresidder's book contains refreshingly straightforward, easy-to-understand, and concise advice on how to retire wealthy. This missing link of personal finance books will make you sleep easier. No retirement is secure without it. Buy the book today so you can retire with confidence!

THE CLASH OF THE CULTURES

INVESTMENT VS. SPECULATION

John Wiley & Sons Recommended Reading by Warren Buffet in his March 2013 Letter to Shareholders How speculation has come to dominate investment—a hard-hitting look from the creator of the first index fund. Over the course of his sixty-year career in the mutual fund industry, Vanguard Group founder John C. Bogle has witnessed a massive shift in the culture of the financial sector. The prudent, value-adding culture of long-term investment has been crowded out by an aggressive, value-destroying culture of short-term speculation. Mr. Bogle has not been merely an eye-witness to these changes, but one of the financial sector's most active participants. In *The Clash of the Cultures*, he urges a return to the common sense principles of long-term investing. Provocative and refreshingly candid, this book discusses Mr. Bogle's views on the changing culture in the mutual fund industry, how speculation has invaded our national retirement system, the failure of our institutional money managers to effectively participate in corporate governance, and the need for a federal standard of fiduciary duty. Mr. Bogle recounts the history of the index mutual fund, how he created it, and how exchange-traded

index funds have altered its original concept of long-term investing. He also presents a first-hand history of Wellington Fund, a real-world case study on the success of investment and the failure of speculation. The book concludes with ten simple rules that will help investors meet their financial goals. Here, he presents a common sense strategy that "may not be the best strategy ever devised. But the number of strategies that are worse is infinite." *The Clash of the Cultures: Investment vs. Speculation* completes the trilogy of best-selling books, beginning with *Bogle on Investing: The First 50 Years* (2001) and *Don't Count on It!* (2011)

THE WALL STREET JOURNAL. COMPLETE RETIREMENT GUIDEBOOK

HOW TO PLAN IT, LIVE IT AND ENJOY IT

Currency As you think about retirement, you've got facts to face, planning to do, decisions to make and numbers to crunch. With the experts at The Wall Street Journal to guide you, you'll learn how to tailor a financial plan for the lifestyle you want. • Answers your biggest question—How big does my nest egg need to be?—by linking it to your particular hopes for how you want to spend your days in retirement • Shows how to translate your dreams and interests into daily activities, whether traveling, opening a business, volunteering or going back to school • Provides a timeline for decisions to make and steps to take ten years, five years and one year before you retire • Offers tips on investing wisely and working with the right financial adviser • Tells you how to maximize your benefits from Social Security and Medicare • Guides you through the intricacies of 401(k)s, IRAs, annuities and other financial tools and resources Today, the average person can expect to spend two decades in retirement—why leave it to chance? For all of its changes and challenges, a well-planned retirement could very well be the best part of your life.

THE ETF BOOK

In *Building Wealth And Being Happy: A Practical Guide to Financial Independence*, you'll learn: * How to have a positive, healthy relationship with money * How to slowly get rich over many years and retire early * How to budget and save money * Whether you should use a financial advisor * Whether you should rent or buy the place you live in * Whether you should partake in socially responsible and green investments * If you can trust the stock market * If you should invest in real estate or gold * And much, much more...

THE INVESTOR'S MANIFESTO

PREPARING FOR PROSPERITY, ARMAGEDDON, AND EVERYTHING IN BETWEEN

John Wiley & Sons A timeless approach to investing wisely over an investment lifetime With the current market maelstrom as a background, this timely guide describes just how to plan a lifetime of investing, in good times and bad, discussing stocks and bonds as well as the relationship between risk and return. Filled with in-depth insights and practical advice, *The Investor's Manifesto* will help you understand the nuts and bolts of executing a lifetime investment plan, including: how to survive dealing with the investment industry, the practical meaning of market efficiency, how much to save, how to maintain discipline in the face of panics and manias, and what vehicles to use to achieve financial security and freedom. Written by bestselling author William J. Bernstein, well known for his insights on how individual investors can manage their personal wealth and retirement funds wisely Examines how the financial landscape has radically altered in the past two years, and what investors should do about it Contains practical insights that the everyday investor can understand Focuses on the concept of Pascal's Wager-identifying and avoiding worst-case scenarios, and planning investment decisions on that basis With *The Investor's Manifesto* as your guide, you'll quickly discover the timeless investment approaches that can put you in a better position to prosper over time.

HOW TO MAKE YOUR MONEY LAST

THE INDISPENSABLE RETIREMENT GUIDE

Simon and Schuster "With *How to Make Your Money Last*, you will learn how to turn your retirement savings into a steady paycheck that will last for life. Today, people worry that they're going to run out of money in their older age. That won't happen if you use a few tricks for squeezing higher payments from your assets--from your Social Security account (find the hidden values there), pension (monthly income or lump sum?), home equity (sell and invest the proceeds or take a reverse mortgage?), savings (should you buy a lifetime annuity?), and retirement accounts (how to invest and--critically--how much to withdraw from your savings each year?). The right moves will not only raise the amount you have to spend, they'll stretch out your money over many more years. You will also learn to look at your savings and investments in a new way. If you stick with super-safe choices the money might not last. You need safe money to help pay the bills in your early retirement years. But to ensure that you'll still have spending money 10 and 20 years from now, you have to invest for growth, today. Quinn shows you how. At a time when people are living longer, yet retiring with a smaller pot of savings than they'd hoped for, this book will become the essential guide"--

20 RETIREMENT DECISIONS YOU NEED TO MAKE RIGHT NOW

Sourcebooks, Inc. *You're in Control of Your Retirement Future* Inside are twenty major financial decisions that could profoundly impact your lifestyle over the next forty years. For many retirees, these decisions come as a surprise and must be made hastily without proper consultation. But by reading the expert, commission-free advice in this fully revised and updated edition, you'll learn how to manage your assets and prepare for the best possible retirement. •Do I have enough money to retire now? •How will I cover my medical expenses during retirement? •When should I begin taking Social Security? •How much should I invest in stocks, bonds, and cash? •What criteria should I use to identify the best investments? •Should I cancel my life insurance policy? •Should I pay off my mortgage at retirement?

BOGLE ON MUTUAL FUNDS

NEW PERSPECTIVES FOR THE INTELLIGENT INVESTOR

John Wiley & Sons The seminal work on mutual funds investing is now a Wiley Investment Classic Certain books have redefined the way we view the world of finance and investing—books that should be on every investor's shelf. *Bogle On Mutual Funds*—the definitive work on mutual fund investing by one of finance's great luminaries—is just such a work, and has been added to the catalog of Wiley's Investment Classic collection. Updated with a new introduction by expert John Bogle, this comprehensive book provides investors with the wisdom of the pioneer of mutual funds to help you identify and execute the ideal mutual fund investment choices for your portfolio. The former Vanguard Chief Executive, Bogle has long been mutual funds' most outspoken critic; in this classic book, he provides guidance on what you should and shouldn't believe when it comes to mutual funds, along with the story of persistence and perseverance that led to this seminal work. You'll learn the differences between common stock, bond, money market, and balanced funds, and why a passively managed "index" fund is a smarter investment than a fund managed by someone making weighted bets on individual securities, sectors, and the economy. Bogle reveals the truth behind the advertising, the mediocre performance, and selfishness, and highlights the common mistakes many investors make. Consider the risks and rewards of investing in mutual funds Learn how to choose between the four basic types of funds Choose the lower-cost, more reliable investment structure See through misleading advertising, and watch out for pitfalls Take a look into this timeless classic and let *Bogle On Mutual Funds* show you how to invest in mutual funds the right way, with the expert perspective of an industry leader.

A WEALTH OF COMMON SENSE

WHY SIMPLICITY TRUMPS COMPLEXITY IN ANY INVESTMENT PLAN

John Wiley & Sons A simple guide to a smarter strategy for the individual investor A Wealth of Common Sense sheds a refreshing light on investing, and shows you how a simplicity-based framework can lead to better investment decisions. The financial market is a complex system, but that doesn't mean it requires a complex strategy; in fact, this false premise is the driving force behind many investors' market "mistakes." Information is important, but understanding and perspective are the keys to better decision-making. This book describes the proper way to view the markets and your portfolio, and show you the simple strategies that make investing more profitable, less confusing, and less time-consuming. Without the burden of short-term performance benchmarks, individual investors have the advantage of focusing on the long view, and the freedom to construct the kind of portfolio that will serve their investment goals best. This book proves how complex strategies essentially waste these advantages, and provides an alternative game plan for those ready to simplify. Complexity is often used as a mechanism for talking investors into unnecessary purchases, when all most need is a deeper understanding of conventional options. This book explains which issues you actually should pay attention to, and which ones are simply used for an illusion of intelligence and control. Keep up with—or beat—professional money managers Exploit stock market volatility to your utmost advantage Learn where advisors and consultants fit into smart strategy Build a portfolio that makes sense for your particular situation You don't have to outsmart the market if you can simply outperform it. Cut through the confusion and noise and focus on what actually matters. A Wealth of Common Sense clears the air, and gives you the insight you need to become a smarter, more successful investor.

RETIREMENT PLANNING GUIDEBOOK

NAVIGATING THE IMPORTANT DECISIONS FOR RETIREMENT SUCCESS

The Retirement Planning Guidebook is designed to help readers navigate the key financial and non-financial decisions necessary for a successful retirement. Readers will understand the different retirement income styles and the different risks that retirees must manage, and the retirement income tools used with different retirement styles and risks. This includes investment-based approaches and insurance-based approaches such as annuities. Readers will also be provided with a framework to assess their retirement preparedness by comparing the value of retirement assets and liabilities. Additional chapters then dig deeper into other important aspects for a retirement income plan, including how to develop a strategy for claiming Social Security benefits, how to make decisions related to Medicare and other health insurance, how to structure a plan for managing long-term care needs, and how to choose retirement housing and incorporate housing wealth into the plan. This is followed by a deeper investigation of tax issues and how to structure retirement income to create the most tax-efficiency during life and for beneficiaries. With legacy planning, I also explore how to get your finances organized for incapacity and death. The focus then shifts to the nonfinancial aspects of a successful retirement, including the need to find purpose and passion, to understand if there is a role for work in retirement, to enhance relationships and social connections, and to maintain an active and healthy lifestyle. The book includes detailed action plans for decision making. The final chapter fits these pieces together into an integrated series of steps to achieve financial and non-financial success in retirement. Readers will come away with the detailed knowledge and planning steps needed to make the most of their retirement years.

CONTROL YOUR RETIREMENT DESTINY

ACHIEVING FINANCIAL SECURITY BEFORE THE BIG TRANSITION

Book's Mind People in their fifties start to wonder: When should I retire? Once I do, when should I take Social Security? Do I need to buy an annuity to make sure I have enough money to last my whole life? Should I move everything into "safe" investments? In short, what do I need to do now to ensure a comfortable retirement? Control Your Retirement Destiny: Achieving Financial Security Before the Big Transition provides practical how-to knowledge on what you need to do to get your finances in order to prepare for a transition out of the workforce. While never easy, retirement investing from your 20s through your early 50s has been straightforward. But once you hit your mid 50s and beyond, you need a different kind of plan to align investments, retirement accounts, taxes, Social Security, and pension decisions, all with a single objective: providing reliable, life-long income. In this book, nationally known retirement expert Dana Anspach explains how each part works, how one decision affects another, and how to focus on the things you can control (like managing taxes and risk) rather than on those you can't control (such as inflation or investment returns). When you put it all together in a plan that works for you, you'll have more choices and a greater sense of security about the financial decisions you are making. A transition into retirement can be scary. Control Your Retirement Destiny equips you with the knowledge you'll need to avoid big mistakes while optimizing the flow of funds to support the retirement you've always dreamed of. This book: - Covers all the major topics in retirement planning - investments, Social Security, annuities, taxes, healthcare, part-time work, and more - Provides examples of how planning decisions can result in a more secure outcome when they are coordinated - Helps

couples coordinate their retirement incomes to maximize benefits - Shows how to create a plan to enable the life you'd like to live after ending full-time employment - Explains how to work with advisors (and how to find the best ones) if you'd rather not plan your own finances Control Your Retirement Destiny: Achieving Financial Security Before the Big Transition is for those who are beginning to think about when and how they might transition out of regular, full-time work. It will enable you to take charge of your financial future right now to ensure a happy, secure retirement.

THE POWER OF ZERO, REVISED AND UPDATED

HOW TO GET TO THE 0% TAX BRACKET AND TRANSFORM YOUR RETIREMENT

Currency OVER 250,000 COPIES IN PRINT, WITH A NEW CHAPTER ON THE 2018 TAX CUTS. There's a massive freight train bearing down on the average American investor, and it's coming in the form of higher taxes. The United States Government has made trillions of dollars in unfunded promises for programs like Social Security and Medicare—and the only way to deliver on these promises is to raise taxes. Some experts have even suggested that tax rates will need to double, just to keep our country solvent. Unfortunately, if you're like most Americans, you've saved the majority of your retirement assets in tax-deferred vehicles like 401(k)s and IRAs. If tax rates go up, how much of your hard-earned money will you really get to keep? In The Power of Zero, McKnight provides a concise, step-by-step roadmap on how to get to the 0% tax bracket by the time you retire, effectively eliminating tax rate risk from your retirement picture. Now, in this expanded edition, McKnight has updated the book with a new chapter on the 2017 Tax Cuts and Jobs Act, showing readers how to navigate the new tax law in its first year of being in effect, and how they can extend the life of their retirement savings by taking advantage of it now. The day of reckoning is fast approaching. Are you ready to do what it takes to experience the power of zero?

THE CHARLES SCHWAB GUIDE TO FINANCES AFTER FIFTY

ANSWERS TO YOUR MOST IMPORTANT MONEY QUESTIONS

Currency Here at last are the hard-to-find answers to the dizzying array of financial questions plaguing those who are age fifty and older. The financial world is more complex than ever, and people are struggling to make sense of it all. If you're like most people moving into the phase of life where protecting—as well as growing-- assets is paramount, you're faced with a number of financial puzzles. Maybe you're struggling to get your kids through college without drawing down your life's savings. Perhaps you sense your nest egg is at risk and want to move into safer investments. Maybe you're contemplating downsizing to a smaller home, but aren't sure of the financial implications. Possibly, medical expenses have become a bigger drain than you expected and you need help assessing options. Perhaps you'll shortly be eligible for social security but want to optimize when and how to take it. Whatever your specific financial issue, one thing is certain—your range of choices is vast. As the financial world becomes increasingly complex, what you need is deeply researched advice from professionals whose credentials are impeccable and who prize clarity and straightforwardness over financial mumbo-jumbo. Carrie Schwab-Pomerantz and the Schwab team have been helping clients tackle their toughest money issues for decades. Through Carrie's popular "Ask Carrie" columns, her leadership of the Charles Schwab Foundation, and her work across party lines through two White House administrations and with the President's Advisory Council on Financial Capability, she has become one of America's most trusted sources for financial advice. Here, Carrie will not only answer all the questions that keep you up at night, she'll provide answers to many questions you haven't considered but should.

BUCKETS OF MONEY

HOW TO RETIRE IN COMFORT AND SAFETY

John Wiley & Sons A proven way to financially prepare for retirement Are you wondering if you can make your retirement savings last? Concerned about inflation reducing your purchasing power? Worried about the stock market's violent swings? In *Buckets of Money: How to Retire in Comfort and Safety*, nationally recognized Certified Financial Planner™ and radio personality Ray Lucia offers you a smart and conservative way to protect and grow your nest egg-so you can enjoy a comfortable retirement without worrying about your money running out. Developed by Lucia over his thirty-year career as a financial planner, the "Buckets of Money" technique is a proven way to achieve both income and growth, while guarding against the ravages of inflation. *Buckets of Money* is filled with in-depth insights and practical advice that will help you assess your retirement situation, save the money you need to last your entire lifetime, and adjust your plan to good times and bad. Regardless of your age, income, net worth, or investment experience, you need to have a solid plan for your retirement years. *Buckets of Money* provides you with such a plan, and shows you the best way to implement it.

YOUR COMPLETE GUIDE TO A SUCCESSFUL AND SECURE RETIREMENT

Harriman House Limited Fully revised and updated second edition. This is your one-stop, definitive resource as you prepare for a secure and comfortable retirement. Investment and personal finance experts Larry Swedroe and Kevin Grogan present uniquely comprehensive coverage of every important aspect you need to think about as you approach retirement, including: Social Security, Medicare, investment planning strategy, portfolio maintenance, preparing your heirs, retirement issues faced by women, the threat of elder financial abuse, going beyond financials to think about your happiness, and much more. These topics are explained with the help of specialists in each subject. And everything is based on the "science of investing" - evidenced with studies from peer-reviewed journals. Overall, this adds up to a complete retirement guide, packed with the latest and best knowledge. Don't enter your retirement without it.

THINK, ACT, AND INVEST LIKE WARREN BUFFETT: THE WINNING STRATEGY TO HELP YOU ACHIEVE YOUR FINANCIAL AND LIFE GOALS

McGraw Hill Professional Bedrock investing principles for profiting in today's shaky markets If you wanted to create the next earth-shattering consumer product, Steve Jobs would be an ideal role model to follow. If you planned to become a great golfer, you might look to Arnold Palmer or Jack Nicklaus. So, if your goals were to outperform other investors and achieve your life's financial goals, what should you do? Think, act and invest like the best investor out there: Warren Buffett. While you can't invest exactly like he does, *Think, Act, and Invest Like Warren Buffett* provides a solid, sensible investing approach based on Buffett's advice regarding investment strategies. When it comes to investing, Director of Research for the BAM Alliance and CBS News blogger Larry Swedroe has pretty much seen it all—and he's come to the conclusion that simple is better, that adopting basic investing principles always increases an investor's chance of success and that Buffett is the perfect model for such investing. In *Think, Act, and Invest Like Warren Buffett*, Swedroe provides the foundational knowledge you need to: Develop a financial plan to help you make rational decisions on a consistent basis Determine the level of risk that's right for you and allocate your assets accordingly Create a strong portfolio that will weather any economic storm Manage your portfolio—rebalance periodically to maintain proper risk levels The beauty of the Buffett approach is its profound simplicity: follow the basics, keep your cool, and have a sense of humor. The market volatility of recent years has ushered in armies of economists, forecasters and other so-called experts whose job it is to explain how everything works. Somehow, they have managed to muddy the waters even more. The truth is, investing is easier than you think—even in today's economy. "Complex problems can have simple solutions," Swedroe writes. *Think, Act, and Invest Like Warren Buffett* helps you go back to the basics—so you can leap in front of the investing pack. Praise for *Think, Act, and Invest Like Warren Buffett*: "You could not spend a more profitable hour than reading Larry Swedroe's wise and lucid investment guide." —Burton Malkiel, author, *A Random Walk Down Wall Street* "If you've been wondering why you've had such a hard time investing well, *Playing the Winner's Game* will diagnose your ills and treat them in just ninety short, delightful pages." —William Bernstein, author, *A Splendid Exchange* and *The Investor's Manifesto* "Follow the investment strategy advocated by Larry Swedroe, and free yourself to spend your time on life's treasures—like your family and friends!" —William Reichenstein, professor, Baylor University "As someone who teaches a college investments course, I would not have thought it possible to do what Swedroe has done in such a short concise book." —Edward R. Wolfe, professor of finance, Western Kentucky University "It's amazing. Larry Swedroe managed to pen a magnificent book not only chock full of actionable advice, but one that's fun to read. Get a copy and treat yourself to a better financial future." —Harold Evensky, president, Evensky & Katz "Larry Swedroe is the undisputed expert in helping investors manage portfolios the smart way. His new book, *Playing the Winner's Game*, combines all facets of wealth management in an inspiring and powerful manner." —Bill Schultheis, author, *The New Coffeehouse Investor*

THE WHITE COAT INVESTOR

A DOCTOR'S GUIDE TO PERSONAL FINANCE AND INVESTING

White Coat Investor LLC the Written by a practicing emergency physician, *The White Coat Investor* is a high-yield manual that specifically deals with the financial issues facing medical students, residents, physicians, dentists, and similar high-income professionals. Doctors are highly-educated and extensively trained at making difficult diagnoses and performing life saving procedures. However,

they receive little to no training in business, personal finance, investing, insurance, taxes, estate planning, and asset protection. This book fills in the gaps and will teach you to use your high income to escape from your student loans, provide for your family, build wealth, and stop getting ripped off by unscrupulous financial professionals. Straight talk and clear explanations allow the book to be easily digested by a novice to the subject matter yet the book also contains advanced concepts specific to physicians you won't find in other financial books. This book will teach you how to: Graduate from medical school with as little debt as possible Escape from student loans within two to five years of residency graduation Purchase the right types and amounts of insurance Decide when to buy a house and how much to spend on it Learn to invest in a sensible, low-cost and effective manner with or without the assistance of an advisor Avoid investments which are designed to be sold, not bought Select advisors who give great service and advice at a fair price Become a millionaire within five to ten years of residency graduation Use a "Backdoor Roth IRA" and "Stealth IRA" to boost your retirement funds and decrease your taxes Protect your hard-won assets from professional and personal lawsuits Avoid estate taxes, avoid probate, and ensure your children and your money go where you want when you die Minimize your tax burden, keeping more of your hard-earned money Decide between an employee job and an independent contractor job Choose between sole proprietorship, Limited Liability Company, S Corporation, and C Corporation Take a look at the first pages of the book by clicking on the Look Inside feature Praise For The White Coat Investor "Much of my financial planning practice is helping doctors to correct mistakes that reading this book would have avoided in the first place." - Allan S. Roth, MBA, CPA, CFP(R), Author of How a Second Grader Beats Wall Street "Jim Dahle has done a lot of thinking about the peculiar financial problems facing physicians, and you, lucky reader, are about to reap the bounty of both his experience and his research." - William J. Bernstein, MD, Author of The Investor's Manifesto and seven other investing books "This book should be in every career counselor's office and delivered with every medical degree." - Rick Van Ness, Author of Common Sense Investing "The White Coat Investor provides an expert consult for your finances. I now feel confident I can be a millionaire at 40 without feeling like a jerk." - Joe Jones, DO "Jim Dahle has done for physician financial illiteracy what penicillin did for neurosyphilis." - Dennis Bethel, MD "An excellent practical personal finance guide for physicians in training and in practice from a non biased source we can actually trust." - Greg E Wilde, M.D Scroll up, click the buy button, and get started today!

RISK LESS AND PROSPER

YOUR GUIDE TO SAFER INVESTING

John Wiley & Sons A practical guide to getting personal investing right Somewhere along the way, something has gone very wrong with the way individuals save and invest. Too often, households are drawn in by promotional suggestions masquerading as impartial investment advice. Consumers get saddled with more risk than they realize. Authors Zvi Bodie and Rachelle Taqqu understand the dilemma that today's investors face, and with Risk Less and Prosper they will help you find your financial footing. Written in an accessible style, this practical guide skillfully explains why personal investing is all about you—your goals, your values and your career path. It shows how to understand investment risk and choose the particular blend of risk and safety that is right for you. And it lays out several simple yet powerful ways for small investors to cast a reliable safety net to achieve their financial goals and truly prosper. Coauthors Bodie and Taqqu challenge the myth that all investments require risk, then highlight some important risks that families often disregard when deciding where to put their money. Later, they connect the dots between investment and investor, showing us all how to grasp our own investment risk profiles and how we may use these insights to make more fitting investment choices. Outlines a straightforward way to invest by aligning your investments with your goals and the risk levels you can bear Provides basic investment abc's for readers who are otherwise literate Lays out a simple, actionable plan for achieving your goals Explains the role of risk-free assets and investment insurance in assuring that you reach your most essential goals Contrary to popular belief, investing doesn't have to be complicated. You can build wealth without taking great risks. Risk Less and Prosper will show you how to make investment decisions that will make your financial life less stressful and more profitable.

THE SMARTEST RETIREMENT BOOK YOU'LL EVER READ

ACHIEVE YOUR RETIREMENT DREAMS--IN ANY ECONOMY

Penguin Follow the advice in The Smartest Retirement Book You'll Ever Read and you will: Find simple strategies to maximize your retirement nest egg Steer clear of scams that rob you of your hard-earned savings Ensure that your money lasts longer than you do Avoid the common mistakes that can leave your spouse impoverished Discover financial lifelines no matter how desperate the economy "If you want a handy guide that provides information in small chunks, Solin's book is it." -Newark Star-Ledger

INVESTING FOR DUMMIES®

ReadHowYouWant.com Every book is written with a certain reader in mind, and this book is no different: You may have some investments, but you're looking to develop a full-scale investment plan....You'd like to strengthen your portfolio....You want to evaluate your investment advisor's advice....You have a company-sponsored investment plan, like a 401(k), and you're looking to make some decisions or roll it over into a new plan....If one or more of these descriptions sound familiar, you've come to the right place.

SERIOUS MONEY

STRAIGHT TALK ABOUT INVESTING FOR RETIREMENT

Does your stockbroker look out for your best interest? Not likely, says author Rick Ferri. In his hard-hitting books, Ferri reveals Wall Streets darkest secret: most stockbrokers and financial advisors are not investment wizards out to make you rich, but rather peddlers of expensive investment products designed to make money from you, not for you. Ferri exposes the dubious sales practices of brokers and other financial consultants and explains why many of their recommendations are doomed to fail. He then provides clear and useful advice that readers can use to turn what they earn into a secure financial future.

HOW TO RETIRE HAPPY: EVERYTHING YOU NEED TO KNOW ABOUT THE 12 MOST IMPORTANT DECISIONS YOU MUST MAKE BEFORE YOU RETIRE

McGraw Hill Professional Nearly 2 million Americans reach retirement age each year.
