She's too intelligent to fall for the worst man in the world . . . Jessica Trent is a determined young woman, and she's going to drag her imbecile brother off the road to ruin, no matter what it takes. If saving him—and with him, her family and future—means taking on the devil himself, she won't back down. Statebuilding

John Wiley & Sons After civil wars end, what can sustain peace in the long-term? In particular, how can outsiders facilitate durable conflict-managing institutions through statebuilding - a process that historically has been the outcome of bloody struggles to establish the state's authority over warlords, traditional authorities, and lawless territories? In this book, Timothy Sisk explores international efforts to help the world's most fragile post-civil war countries today build viable states that can provide for security and deliver the basic services essential for development. Tracing the historical roots of statebuilding to the present day, he demonstrates how the United Nations, leading powers, and well-meaning donors have engaged in statebuilding as a strategic approach to peacebuilding after war. Their efforts are informed by three key objectives: to enhance security by preventing war recurrence and fostering community and human security; to promote development through state provision of essential services such as water, sanitation, and education; to enhance human rights and democracy, reflecting the liberal international order that reaffirms the principles of democracy and human rights. Improving governance, alongside the state's ability to integrate social differences and manage conflicts over resources, identity, and national priorities, is essential for long-term peace. Whether the global statebuilding enterprise can succeed in creating a world of peaceful, well-governed, development-focused states is unclear. But the book concludes with a road map toward a better global regime to enable peacebuilding and development-oriented statebuilding into the 21st century.

Wolf Hall

HarperCollins UK England, the 1520s. Henry VIII is on the throne, but has no heir. Cardinal Wolsey is his chief advisor, charged with securing the divorce the pope refuses to grant. Into this atmosphere of distrust and need comes Thomas Cromwell, first as Wolsey's clerk, and later his successor. Cromwell is a wholly original man: the son of a brutal blacksmith, a political genius, a briber, a charmer, a bully, a man with a delicate and deadly expertise in manipulating people and events. Ruthless in pursuit of his own interests, he is as ambitious in his wider politics as he is for himself. His reforming agenda is carried out in the grip of a self-interested parliament and a king who fluctuates between romantic passions and murderous rages. From one of our finest living writers, WOLF HALL that very rare thing: a truly great English novel, one that explores the intersection of individual psychology and wider politics. With a vast array of characters, and richly overflowing with incident, it peels back history to show us Tudor England as a half-made society, moulding itself with great passion and suffering and courage.

Unfortunately for Avery, Hawthorne House is also occupied by the family that Tobias Hawthorne just dispossessed. This includes the four Hawthorne grandsons: dangerous, magnetic, brilliant boys who grew up with every expectation that one day they would inherit billions. Heir apparent Grayson Hawthorne is convinced that Avery must be a conwoman, and he's determined to take her down. His brother, Jameson, views her as their grandfather's last hurrah: a twisted riddle, a puzzle to be solved. J.] Charles's work is spending time with her articulate (and often scathing) protagonists, who skewer their interlocutors and make agonizing admissions with fluency that is a joy to behold. Now, in contrast, comes Clem. . . . Rowley has no problem with words; he simply chooses not to reveal his well-armored heart. What they see in each other is a generosity of spirit revealed in everyday gestures."—*Publishers Weekly* (starred review) "K. J. Charles is a superb storyteller and has once again crafted both an intriguing and engrossing story and a tender romance between two well-drawn protagonists whose unique personality traits inform their emotional and sexual relationships. Add to that the way she so thoroughly immerses the reader in the sights, sounds and smells of Victorian London, and the strong cast of

secondary characters—some of whom will star in future books—and it's fair to say that she's got another winning series on her hands."—All About Romance Includes an excerpt from another Loveswept title.

The Regency Impostors

HarperCollins One of Library Journal’s Best Romances of 2018 The one you love... Robert Selby is determined to see his sister make an advantageous match. But he has two problems: the Selbys have no connections or money and Robert is really a housemaid named Charity Church. She’s enjoyed every minute of her masquerade over the past six years, but she knows her pretense is nearing an end. Charity needs to see her beloved friend married well and then Robert Selby will disappear...forever. May not be who you think... Alistair, Marquess of Pembroke, has spent years repairing the estate ruined by his wastrel father, and nothing is more important than protecting his fortune and name. He shouldn’t be so beguiled by the charming young man who shows up on his doorstep asking for favors. And he certainly shouldn’t be thinking of all the disreputable things he’d like to do to the impertinent scamp. But is who you need... When Charity’s true nature is revealed, Alistair knows he can’t marry a scandalous woman in breeches, and Charity isn’t about to lace herself into a corset and play a respectable miss. Can these stubborn souls learn to sacrifice what they’ve always wanted for a love that is more than they could have imagined?
