**The HM Learning and Study Skills Program Teacher's Guide Level 3** [Rowman & Littlefield](#) **Level III (Grades 11-13)** The hm Learning and Study Skills Program: Level III was designed to provide an introduction to learning and study skills for high school juniors and seniors and beginning college students through a series of activity-oriented units. It is structured on the assumption that an activity-oriented lesson is the most effective instructional strategy for the teaching of study skills: more succinctly, that "learning by doing" is the best way "study smart." Learning and study skills are important for learning. They are methods and ways of doing things that help make learning easier. Understanding how to study can also facilitate learning by assisting students as they complete assignments correctly and efficiently during a specified period of time. Just like any other skill, knowing how to learn and study proficiently must be learned and practiced over time. The Program has been designed to help students learn more efficiently and effectively. The hm Learning and Study Skills Program Teacher's Guide Level 1 [Rowman & Littlefield](#) **The hm Learning and Study Skills Program: Level I** was designed to provide learning and study skills strategies for students in grades 5-7 through a series of activity-oriented units. It is structured on the assumption that an activity-oriented lesson is the most effective instructional strategy for the teaching of study skills: more succinctly, that "learning by doing" is the best way study smart. The Level I includes a pretest and post-test, a wide variety of teaching suggestions, unit summaries, activities for retrieval and closure as well as teaching adaptations through the use of technology. It was published to help teachers assist students in the development of essential study skills and to reinforce their existing strategies that work. The program supports academic independence for students that have a wide range of ability with college and career readiness as a tangible and realistic goal. **The HM Learning and Study Skills Program Level 2: Teacher's Guide** [R&L Education](#) **The hm Learning and Study Skills Program: Level II** was designed to provide an introduction to learning and study skills for 8th, 9th, and 10th grade students through a series of activity-oriented units. It is structured on the assumption that an activity-oriented lesson is the most effective instructional strategy for the teaching of study skills: more succinctly, that "learning by doing" is the best way 'study smart'. The Level II Teacher's Guide includes a pretest, a wide variety of teaching suggestions, unit summaries, activities for retrieval and closure as well as teaching adaptations through the use of technology. It was published to help teachers assist students in the development of essential study skills and to reinforce their existing strategies that work. The Program supports academic independence for students that have a wide range of ability with college and career readiness as a tangible and realistic goal. **Level A: Teacher's Guide hm Learning & Study Skills Program** [R&L Education](#) **Level A: Grades 1-2** Our learning & study skills program will help elementary school teachers teach their children how to learn. Essential to the program is the comprehensive Teacher's Guide. It provides a focus on the importance of study skills, directions for using the student text, and practical suggestions for both the experienced and inexperienced teacher. **Level B: Teacher's Guide hm Learning & Study Skills Program** [R&L Education](#) **Level B: Grades 3-4.** Our learning & study skills program will help elementary school teachers teach their children how to learn. Essential to the program is the comprehensive Teacher's Guide. It provides a focus on the importance of study skills, directions for using the student text, and practical suggestions for both the experienced and inexperienced teacher. **The hm Learning and Study Skills Program Student Text Level 1** [Rowman & Littlefield](#) **Level I: Grades 5-7** Young adolescents have different developmental needs than other students. The HM Learning and Study Skills Program is geared for specific grade levels, allowing you to encourage the middle and junior high student's growing capacity for abstraction. At the same time, the activity-oriented structure keeps their attention. Students will learn to harness their particular "learning style" in a way that best suits their needs. Each student workbook teaches and reinforces the essential skills students need to be successful: skills for perceiving, organizing, making sense of, and using ideas and data. The workbook functions as a text for learning study skills and as a reference resource throughout the year. Remember, learning and study skills are not substitutes for hard work. But, by following the suggestions within this workbook, students should be able to use their time and energy more efficiently. **Hm Learning and Study Skills Program Level 1. Student text Level III: Student Text Hm Learning & Study Skills Program** [R&L Education](#) **High school students, whether preparing for college or career, need to learn greater independence and efficiency in their learning. Rather than simply teach them how to study, the hm Program emphasizes the need to understand their learning style, empowering them to adapt to new situations throughout their lives. They will learn how to improve their memory, glean more from discussions, prepare for exams, expand their vocabulary, and more. Level B: Student Text hm Learning & Study Skills Program** [R&L Education](#) **Level B: Grades 3-4** Children of the elementary school age think differently than do older children, adolescents, or adults. They are more holistic in their interaction with the world. The hm Program presents study skills appropriate for young children, teaching them to listen, observe, and visualize with greater awareness. Each student workbook teaches and

reinforces the essential skills students need to be successful: skills for perceiving, organizing, making sense of, and using ideas and data. The workbook functions as a text for learning study skills and as a reference resource throughout the year. **Level I: Teacher's Guide Hm Learning & Study Skills Program** [Rowman & Littlefield Education](#) **Level I: Grades 5-7** Do teachers in your school complain that kids just don't pay attention? Show your students how to study smart with the Hm Learning & Study Skills Program. Essential to the program is the comprehensive Teacher's Guide. It provides a focus on the importance of study skills, directions for using the student text, and practical suggestions for both the experienced and inexperienced teacher. **Math: Teacher's Guide Hm Learning & Study Skills Program** [R&L Education](#) Do your students have difficulty understanding math terms? Remembering the steps of algorithms in sequence? Interpreting data in displays? Our math study skills program will help you teach them math and how to learn! Essential to the program is the comprehensive Teacher's Guide. It provides a focus on the importance of study skills, directions for using the student text, and practical suggestions for both the experienced and inexperienced teacher. **HM Learning and Study Skills Program** [Rowman & Littlefield](#) **Level B: Grades 3-4.** Our learning & study skills program will help elementary school teachers teach their children how to learn. Essential to the program is the comprehensive Teacher's Guide. It provides a focus on the importance of study skills, directions for using the student text, and practical suggestions for both the experienced and inexperienced teacher. **Level III: Student Text Hm Learning & Study Skills Program** [R&L Education](#) High school students, whether preparing for college or career, need to learn greater independence and efficiency in their learning. Rather than simply teach them how to study, the Hm Program emphasizes the need to understand their learning style, empowering them to adapt to new situations throughout their lives. They will learn how to improve their memory, glean more from discussions, prepare for exams, expand their vocabulary, and more. **Hm Learning and Study Skills Program** [Rowman & Littlefield Education](#) Mariah Conrad has come home. Badly wounded on active duty in Afghanistan and finally released stateside, she has no family to call on and nowhere to go--until Quinn Walker arrives at her bedside. Quinn...her brother-in-arms, ex-lover and now maybe her future. Quinn brings Mariah to his log cabin in the Appalachian Mountains of Kentucky to rest and recuperate both physically and emotionally. While she's incredibly grateful, Mariah is also confused and frustrated. She's always stood on her own two feet, but now even that can literally be torture. She's having flashbacks and blackouts, hearing helicopter noises in the night. She wants to push Quinn away--and hold him closer than ever. But will she get the chance? Those helicopters are more than just post-traumatic stress; they're real--and dangerous. Bad things are happening on the mountain. Suddenly there's a battle to be fought on the home front, and no guarantee of survival. **HM College Study Skills Program** Provides an introduction to college-level study skills for students in grades 11 through college. Intended to enable the student to develop a repertoire of learning skills for independent learning and problem solving. **Level B: Teacher's Guide Hm Learning & Study Skills Program** [R&L Education](#) **Level B: Grades 3-4.** Our learning & study skills program will help elementary school teachers teach their children how to learn. Essential to the program is the comprehensive Teacher's Guide. It provides a focus on the importance of study skills, directions for using the student text, and practical suggestions for both the experienced and inexperienced teacher. **Workshop Leader's Handbook: Level II Grades 8-10 Hm Learning & Study Skills Program** [R&L Education](#) This loose-leaf module contains background information, a script for workshop leaders, blackline masters for visuals and handouts and application of learning style and learning theory and learning-style inventory.
